# Content Licensing – Customized Address Data

**Complement your own data collection or enhance your applications with our content.** Our editorial team constantly strives to keep our reference works up-to-date. We can provide **address data** and **contact persons** for you to integrate into your own database and use under license.

**Art world institutions worldwide:**

- 54,500 museums
- 27,000 galleries
- 2,300 auctioneers
- 2,000 art publishers
- 2,700 associations

**Criteria for data selection:**

- Country, Place Name
- Museum Type

Example:     museums of technology in North America:     820
galleries in Berlin:     390

Our price depends on the components you choose:

– basic information (full name, postal address)
– contact information (telephone / fax number, email address, URL)
– contact person(s)
– further information (type of institution, field of specialization)

**Contact**

Don't hesitate to ask for a free quote for your customized data selection.

The data can be provided in a tabular format (Excel, CSV).

Please state as precisely as possible what selection you are interested in. Would you like to use the data only once or do you want to integrate it into your own data collection or application for indefinite use?
