Please check the appropriate box (must be completed by student):

1. My research project does not involve human subjects or vertebrate animals.

Note: If you research involves human or live animal subjects, you must take the appropriate online Collaborative Institutional Training Initiative (CITI) course and print out the certificate of completion to submit with this application for candidacy. Your application will not be accepted without the CITI certificate.

2. My research project involves human subjects. I understand that I must (a) obtain protocol approval for a determination of exemption from the Committee for Protection of Human Subjects (CPHS) prior to the initiation of the research, and (b) inform the Graduate Division of the protocol number within six months of the advancement to candidacy date.

2a. I have completed and passed all of the modules for the Biomedical and Social-Behavioral course pertaining to human subjects research as offered by the CITI program and a copy of my certificate of completion for the course is attached.

3. My research project involves vertebrate animals. I understand that I must (a) obtain individual approval from the Animal Use and Care Committee prior to the initiation of the research, and (b) inform the Graduate Division of the approved protocol number within six months of the advancement to candidacy date.

3a. I have completed and passed either the Biomedical or Social-Behavioral Collaborative IRB Training Initiative (CITI) Program and a copy of my certificate of completion for the course is attached.
