

# MEDICAL

## Fall 2016 Medical Humanities Practica

### **TMC Library & McGovern Historical Collections**

The Center has notable historical collections on the foundations of the medical specialties, Texas medicine, rheumatology and North American public health.

### **Woodson Research Center, Fondren Library**

The Center collects, organizes, preserves and describes Rice University archives, rare books, and manuscripts. The archival collections focus on the development of the institutions and hospitals in the TMC in Houston, the careers of Houston physicians and biographical information on Texas physicians.

### **The Institute for Spirituality and Health**

The ISH brings together scholars, healthcare professionals, religious leaders, and the public to learn how spirituality can impact health and healing.

- **3 credits**
- **Original research**
- **Hands-on experience**

**Learn more & apply by March 28:**
