Whole School Services Regional Events

Professional Development for
GEAR UP Middle Schools throughout California

PURPOSE

Develop regional support networks to provide opportunities for GEAR UP schools to learn from each other and problem solve together about common concerns and issues. These events will be facilitated by Whole School Services Coaches with content based on advice from School Leadership Team members. Events are customized to meet the needs of participating schools within each region and in alignment with target areas of growth identified in the GEAR UP School Self Assessment Rubric.
