

Courses Fulfilling Subject Area Requirements, 2016-2017

MAUD and MLAUD degree candidates must take a total of 3 courses (12 units) from the below options. One course must come from the Models of Development list, one must come from the Urban Systems list, and the third can be from either list. If a course is on both lists, it may be used for either list, but may not be counted more than once.

To check if a course from a previous academic year qualified in a subject area, please see the list for the relevant year. This list includes only those courses expected to be offered in academic year 2016-2017.

1. MODELS OF DEVELOPMENT
