ABOUT FIRE & SAFETY INDIA

India is witnessing a substantial increase in terms of awareness about fire safety. The rapidly growing demand for fire protection equipments and technologies across the country has significantly contributed towards the growth of the fire & safety equipment domains. According to "India Fire & Safety Equipment Market Forecast & Opportunities, 2019", The market revenues of India's Fire & Safety equipment market are expected to reach US\$4.94 billion by the end of 2019.

At this opportune time we are proud to announce the Fire & Safety exhibition and conference. Fire & Safety India 2017 exhibition and conference will get all the exclusivity and focus. This exhibition is being planned with innovative ideas and insights from the leaders of Fire & Safety Industry. It's an international exhibition and conference for key players of Fire & Safety segment, to be held concurrently with the Sixth Edition of Secutech India 2017, from April 06th to 08th in 2017. It's the best gateway to all buyers searching fire safety, protection and prevention solutions and products.

FOLLOWING THE LEGACY OF INTERSEC

Intersec is the leading international meeting platform for the Security & Safety industry. For 17 years Intersec has proven to be the no. 1 business platform in the MENA region and beyond. The last edition in January 2016 featured 1,234 exhibitors and welcomed more than 27,303 visitors from 118 countries which made it the largest Intersec of all times.

The newly introduced Fire & Safety India will follow the legacy and best practices of Intersec.

HIGH RISE BUILDING

Rapid urbanization is a confirming factor of any economy's growth. The world today looks upon India as the most profitable real estate market to invest in. With so much confidence in the country, it is not fair to understate the potential of the construction industry in India. Construction and Development have picked up pace and we see taller buildings sprouting up every passing day. Safety always remains as a challenge in the ever increasing skyline of cities like, Mumbai, Gurgaon, Bangalore and Hyderabad.

INDUSTRIAL FIRE PREVENTION

India is on a journey of becoming the manufacturing leader of the world. With the ongoing campaign of Make in India executed by the government of India, more and more industries are set up in India now than ever before. This is increasingly evident in the automobile, mechanical and computing industries. The existing challenges with fire emergencies in Iron Ore, Heavy Metals and Mining have not thoroughly being met with. Safety in Industrial fire acts as a bedrock to production of these industries.

Fire safety audit of **6,512** structures underway:
Devendra Fadnavis State to frame SOPs for **4,000** pvt licensed agencies and fix responsibility on them- DNA Report

24 Big Building Projects along Mumbai's Coast
The floodgates have opened up for construction near the city's coastline near the shoreline around Girgaum Chowpatty, Prabhadevi, Mahim and Shivaji Park over the past one year.- Times of India report.

Shri Devendra Fadnavis
Chief Minister of Maharashtra

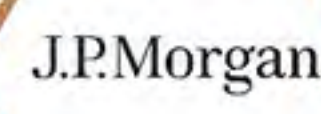

“Fire & Safety India serves as an important platform for the safety of the country. The discussions and deliberations that happen here would enhance the overall safety of the country. I appreciate the organizers for taking such an initiative.”

FIRE & SAFETY CONNECT

THE LEADING DESTINATION FOR BUSINESS & INDUSTRY CONNECT

The Business Matchmaking is more than just a successful meeting place. This buyer-seller lounge creates a sync between the exhibitor and the buyer thereby creating a comprehensive sourcing platform.

Shri Prakash Mehta
Minister of Housing,
Labour & Mines,
Minister of Raigad District,
Government of Maharashtra

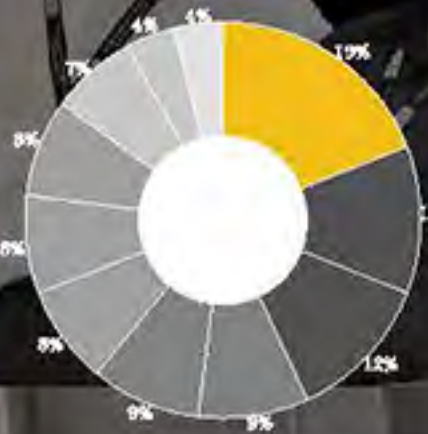

“The success of the show will be determined by the overall measures taken by the private sector and the government sector combined. Fire & Safety India has its implications in a variety of industries, the visitors have shown confidence in the growing need for safety. I wish good luck to the team for future endeavours.”

BUSINESS MATCH MAKING

HOLISTIC APPROACH TO DEMONSTRATE, MARKET & EXHIBIT

The fire & safety industry is moving towards integrated solutions approach which requires a holistic perceptive. The demand for innovative fire safety solutions is growing consistently across verticals. To bridge this gap, Fire & Safety connect offers an interface to transact, deals, acquire projects, source products and solutions.

THE LEAGUE OF GAME CHANGERS

Mr. Nitin Shah
President,
Fire Protection Association of India (FPAI)

The experience has been wonderful. The organizers have put a lot of hard work. They have put up an International show. The team has made sure that they support everyone in the industry.

Ms. Sujal Shah
Director,
NewAge Fire Fighting Co Ltd

The organizers and association has done a wonderful job. The experience has been 'wow'. We didn't come with a lot of expectation since it's the first year but we have seen an exceptional crowd turnover. We look forward for the next edition

Mr. Mukesh Shah
Managing Partner
Shah Bhogilal Jethalal & Bros.

Personally I am very happy for creating a consortium solution to organize such an event with ABEC, FPAI and NAFO. The team has been extremely supportive.

Mr. Mukesh Shah
Director,
Swastik Synergy Engg Pvt. Ltd.

This has been a great show and this is the first time we got to interact with a pool of visitors. Highly appreciate the team behind it.

Mr. Rajesh Salot
Managing Director,
Vijay Systems Engineers Pvt. Ltd

Our experience with F&S has been great. I do believe all clients are very happy. Here, all visitors means business to us. We look forward to the next show in 2017.

Mr. Falgun Doshi
Director,
Vimal Fire Controls Pvt. Ltd.

We have participated in show after 12 years and we have got an excellent platform to showcase ourselves. We look forward to the next year's show.

Mr. Anik Dharamshi
Director,
HD FIRE PROTECT

It's been an outstanding show. The combination of fire and security pulled in more visitors. We found wonderful footfall at our space from the Western and the Southern states.

V Jagdish
Business Development Manager
UL India

UL India is in the Support of Fire & Safety India. We believe in the show's growth prospects and have our goals with the exhibitions aligned with Fire & Safety India. We had a great footfall from international visitors.

Mr. Sameer Thakker
Director -
Bharati Fire Engineers

Fire & Safety India 2016 was a great success for us. We launched our Revolutionary FirePASS technology with a specialised truck on the show. We have been able to garner a significant number of qualified leads. We were really impressed with the quality of the visitors who came from all over the world to visit the show and conference. The arrangements were well made and the Organisers managed all the show professionally.

Navdeep Garg
Director
Aska Equipments Limited

F&S has been very good so far, we have very good inquiries and potential leads. The way it has been organized is very good.

Let us be your gateway to increase exposure and heighten awareness of your Brand.
