High-Impact Society Journals

Chemistry – A European Journal

presents high-quality cutting-edge research from all areas of chemistry in a versatile format.

► IF: 5.382

www.chemeurj.org

European Journal of Inorganic Chemistry

publishes high quality inorganic chemistry in the broadest sense from the entire spectrum of • organometallic • bioinorganic • physical inorganic • main group and solid-state chemistry • nanochemistry and materials

► IF: 2.941

www.eurjic.org

European Journal of Organic Chemistry

publishes high quality organic chemistry in the broadest sense from the entire spectrum of • synthetic organic • physical organic • bioorganic chemistry • natural product chemistry

► IF: 3.096

www.eurjoc.org

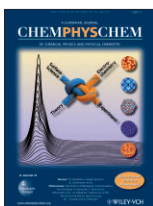

ChemPhysChem

offers an exciting mix of reviews, full papers and communications on chemical physics and physical chemistry.

► IF: 3.453

www.chemphyschem.org

ChemSusChem

brings together the latest developments in chemistry, energy and materials research for a more sustainable future.

► IF: 4.767

www.chemsuschem.org

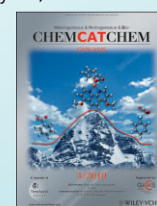

ChemCatChem

is the first journal that covers all fields of catalysis, incorporating homogeneous, heterogeneous and biocatalysis, and aims to strengthen cross-communication within and between these communities.

► Young Journal

www.chemcatchem.org

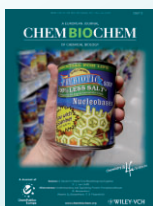

ChemBioChem

is a leading journal covering • Chemical biology and biological chemistry • Bioorganic and bioinorganic chemistry • Biochemistry and biophysics • Molecular and structural biology • Biotechnology

► IF: 3.824

www.chembiochem.org

ChemMedChem

is a premier medicinal chemistry journal with contributions at the interface of chemistry, biology and medicine.

► IF: 3.232

www.chemmedchem.org

ChemPubSoc Europe Meeting Paris 2010

Sister journals:

Angewandte Chemie International Edition

the flagship journal of the GDCh publishes the best in chemistry in a unique format ... every week.

► IF: 11.829

www.angewandte.org

Chemistry – An Asian Journal

is co-owned by the twelve member societies of the Asian Chemical Editorial Society (ACES) and publishes top papers from all fields of chemistry, including interdisciplinary fields.

► IF: 4.373
