

Starwalking Journeys with Joseph-Mark Cohen

I have taken a little journey this past weekend
with the Moon in Leo
to meditate on upcoming Star Portals for the year 2010.
My friend Dan Furst, author of the UFC
has written with wisdom & wit
about the Grand Cardinal Cross
that may cause some havoc on our planet
& sets the stage for
the Mayan Long Count Calendar
Shift of 2012.

(have a read of Geoff Stray's Beyond 2012 to learn more)

This may have been prophesied
by a few of the Crop Circles in Britain
in the summer of 2008,
most particularly the Avebury Manor
Solar System Formation of July 8, 2008
& the East Kennet Orbit Formation
that appeared the very same day.

(You will find these twinned on Card #65
of my recent Crop Circle Oracle Card deck)

However the hidden source for my ruminations
go back to Sept. 4, 1989,
when I had the opportunity to conduct a ceremony
in the (so-called) King's Chamber of the Great Pyramid of Giza
at the time when the planet Pluto was at perihelion,
as near to the Sun as it can go in its orbit.

This ceremony was inspired by the work of Charles Muses
(aka Musaios),

author of the Lion Path,
whom I had the good fortune of dialoguing with
on a few occasions before his departure.

Dr. Muses had inspired a suite of rather intense
theurgic meditations
connected to the star Sirius

with the intent of allowing those who were ready
to open up a neural valve

in the vicinity of the hypothalamus
as a lens for the Higher Light (*Aur Elyon*)
that could trigger a resonantly induced journey
of consciousness to the Pure Light Realm.

All this was nested in Egyptian Mystery School imagery
As Charles liked to say:

"We are larval things, awaiting metamorphosis"

Charles Muses was the most gifted esoteric astrologer
I have had the pleasure of sharing
& learning with in this lifetime.
His unique synthesis of hyper-dimensional mathematics,
entheogenic research, earth energy explorations
& understanding of the spiritual essence
of Egyptian sacred science still fascinates me to this day.

(Dr. Muses actually built a home in Colorado that contains a true Ascension Chamber within it, but that is another story!)

The series of 14 (27) meditation sessions that he outlined in *The Lion Path* offered those who experienced them profound inner plane experience.

However many aspirants came to his work rather late & were disappointed to learn that the Rainbow Sothic Sessions came to a completion in November of 1998.

I have come to believe that we have recently entered yet another *Time Wave Portal*, one that the Circlemakers hinted at with the "Time Tunnel" formation at Windmill Hill on June 30, 2006.

My sense is that the next true *Lion Path Portal* will occur in 2010 in the 14 days between the Full Moon of July 25 (at 3 degrees of Aquarius) and the New Moon of August 9th (in the 18th degree of Leo)..

It is during this 14 day Portal that we will be experiencing the intensity of the Cardinal Cross Planetary Formation with Jupiter/Uranus opposing Saturn/Mars & that lord of the Underworld, Pluto in early Capricorn at the gate of Resurrection, squaring the full 4 planet formation.

(Charles would remind us to consider Osiris as the *Lord of the Staircase*, the One who is dismembered by Set into 14 pieces & remembered by Isis/Aset with the aid of some theurgic resonant magic by Thoth/Zehhuti)

I would refer you to Dan Furst's UFC scribings at www.hermes3.net/2010.htm for a more detailed version of the astrological dynamics involved I remember Charles making reference to the Hopi prophecy of the Blue Star Kachina which many intuitives have connected to Sirius, the Blue Star & most recently to Comet Holmes flare-up in Oct. 2007 (Drunvalo Melchizedek among them)

We are about to enter an extraordinary Time Tunnel Portal this coming summer of 2010 that may clear the consciousness pathways for what is yet to come in October of 2011 & December of 2012.

So this is where my journey has led, so far. I will meditate on the mythologems contained in *Aleph 2160:A Zodiac Oracle* for those 14 days of inner portal navigation.

We have some time yet before we fully
enter the next
Time Wave Portal.
I can suggest that the July 25th full moon
has a resonance with emanations coming our way
from the nearby star Altair
& that the New Moon of Aug.9th
at the 17/18th degree of Leo
has a mythic connection with
core kabbalistic teachings
& with what is nested
within or beneath or atop
the Giza Pyramid

Also, the powerful vibrational pulse that arrived
at Silbury Hill between Aug.6th-9th, 2009
was an initial seeding of energies
for a more potent
full Earth Grid broadcast
this coming summer
between
Aug. 6th & Aug. 9th.

Well, stay tuned,
keep holding that frequency
(as Dan likes to say)
