The Free Energy Revolution

Key Points

- **Free Energy is real**
- **Technologies are coming to the Marketplace**
- **Free energy Technologies will have a great impact on all aspects of our lives**
- **The science of Free Energy is the continuation of the evolution of scientific research and its practical application to our lives**

The Free Energy Revolution

Overview

- **What Is Free Energy?**
- **Free Energy – Why Do We Care**
- **History Of Research Into Free Energy**
- **The Impact of Free Energy Technologies**
- **The Science of Free energy**
- **Suppression Of Free Energy Technologies**
- **Ready for Market Free Energy Technologies**
- **Steps to Rolling out FE Technologies**

What is Free Energy?

1. **Energy That Is Available From The Universe For The Taking At Any Time For Any Use. (Sterling Allan)**
2. **Free Energy Is Any Energy That Is Provided By The Natural World (Peter Linderman)**
3. **Free Energy Is The Energy Contained Within The Ether That Occupies All Of Space. (J. Schmidt)**
4. **Solar, Wind, Gravity (Weight?), Geothermal, Sunlight Can All Be Considered One Form Of Free Energy**

Sources of Energy

- Energy Is the Ability to Do Work.
- Energy can be found in many forms:
 - Thermal energy
 - Chemical energy
 - Electric energy
 - Radiant energy
 - Nuclear energy
 - Magnetic energy
 - Elastic energy
 - Sound energy
 - Mechanical energy
 - Luminous energy
 - Mass ($E=mc^2$)

Free Energy – Why do we care?

- Brian O’Leary - “Spaceship Earth”
- We need a new operating paradigm for our current Civilization
- One that is Self- sustaining for the Long term
- Current situation is self-destructive not self-sustaining
- Crisis vs Opportunity
- Since 1940
 - Energy Usage up 5X
 - Water Usage is up 4X
 - Population is up 3X

What is the Solution?

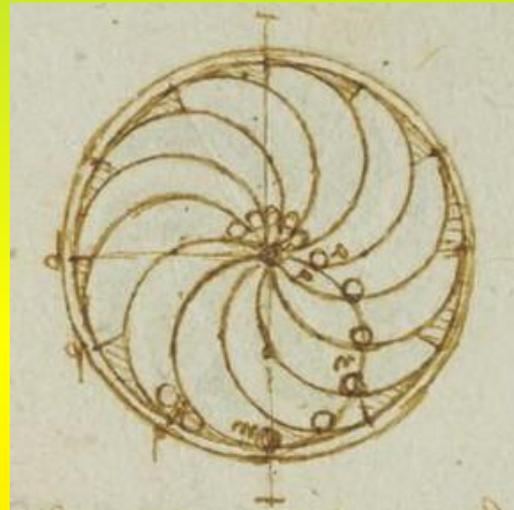

- **Replace The Current Energy Paradigm**
- **Transition From A Centralized Energy Distribution To Individualized Free Energy Systems**
 - **No Gridlines**
 - **No Energy Bills**
 - **No Gasoline Bills**
 - **An Economy Without The Burden Of Oil and Nuclear Power.**
 - **Jobs Created Making The Transition**
 - **Free Energy Science And Technology Will Spill Over Into Other Parts Of Lives.**

Impact of Free Energy Economy

- **The Application Of New Energy Technologies Will Make Huge Impacts On Our Freedoms And Economic Systems**
- **Travel:**
 - Fuel Less Cars; Electric Cars, Water for Fuel, Other
 - Anti Gravity – No Roads; Live Anywhere
- **Homes**
 - Eliminates Power Distribution Systems
 - Fuel Less Power Sources for the Home
 - Energy Absorbent Materials; Solar, Radiant Energy
- **Communities**
 - Small And Spread Out
 - Central Industrial Centers With Distributed Power
 - Local Power Generation - No Power Grids

History of Free Energy

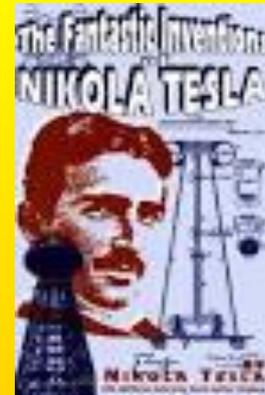

- **A New Paradigm Of Energy Generation Began With Leonardo Divinci in Studies of Perpetual Motion**

- **Dozens Of Inventors Since Then Have Brought Forward Ground Breaking Inventions**
- **Thousands Of Breakthrough Energy Scientists And Garage Inventors Are Now Bringing The New Energy Into The Open**

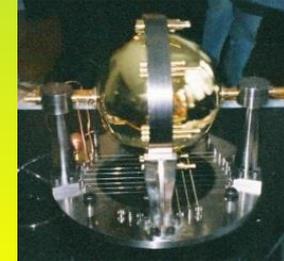

Nikola Tesla

- The Hero And Avant Guard Of Free Energy Movement
- Over 600 Patents Relating To Electromagnetics, Electrical Devices, Water Purification and Many Other Areas
- Famous For Tesla Coil, Generator Of High Frequency Sparks
- Tesla Coil Was Basis For Plan To Power The World From A Single Generating Station In Wardenclyff, New York
 - Thwarted By JP Morgan
- Practical Contributions To Technology
 - Alternating Current
 - Long Distance Distribution Systems
 - AC And Direct Current Electric Motors

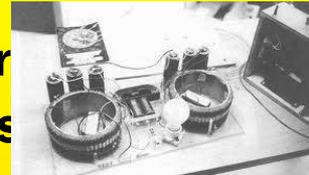

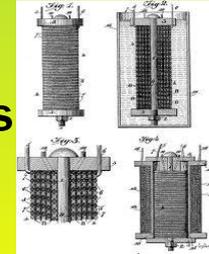

Courageous Inventors of the Past

- **Leonardo Divinci – 1453 – 1519**
 - Made Drawings Of Mechanical Perpetual Motion Machines
- **John Worlly Keely 1827 – 1898**
 - Specialized In Machines Run On Harmonics
 - Inventor Of The Induction Resonance Motor
 - Famous For The Dynasphere (Love Sphere)
 - Dale Pond Has Museum In La Junta Colorado; www.svpvriil.com
- **Victor Schauberger 1885 - 1958**
 - Famous For His Study Of Vortices In Fluids
 - Built Water Purifiers Based On Vortices
 - Also Know For His Implosion Principles
- **Thomas Henry Moray 1892 – 1974**
 - Built 50 KW Radiant Energy Device
 - Based On The Moray Valve

Courageous Inventors of the Past

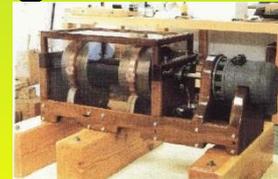

- **Nathan Stubblefield 1860 - 1928**
 - Built First Wireless Telephone Before Tesla
 - Known For His **Earth Batteries Using Magnetic Currents**
- **Herman Plauson 1920's**
 - Harvested **Energy From The Atmosphere**
 - Used Vertical Antennas To Tap Into Earth's Electric Field
 - His Electrical Devices Where Driven By **Static Electricity**
- **Lestor Hendershot - 1920's**
 - Famous For His "Fuel Less Motor"
 - One Of the **First Magnetic Motors**
- **John Searle - 1932 - 2011?**
 - Built **Magnetic Bearing Rotational Magnet Motor**
 - Known For His **Anti Gravity Experiments With Magnet Motors**
 - Lost Many Motors To Space; Built Flying Saucers

Courageous Inventors of the Past

- **Bruce DePalma 1935 - 1997**

- Inventor Of The N-Machine, A **Self Looping Motor Generator**
- **Inspiration For John Bedini And Others**

- **Edwin Grey 1925 - 1989**

- Inventor Of **Pulsed Capacitor Discharge Engine, The Grey Motor**
- **Based On Nikola Tesla Radiant Energy Phenomena**

- **Joseph Papp 1933 - 1989**

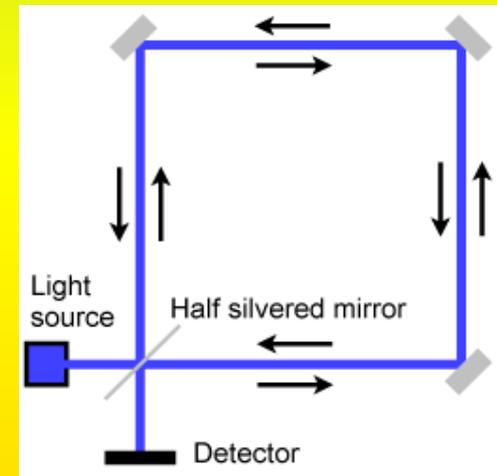

- Inventor Of The **Papp Inert Gas Plasma Motor**
- **Now Being Developed By John Rohner, Intelligentry**

The Science of Free Energy

- Ether As A Source Of Free Energy
- 2nd Law Of Thermodynamics
- Subatomic Physics
- Particle Physics
- Solar Energies
- Energy From Space
- Getting Beyond The Square Root Of Minus One - $\sqrt{-1}$
- Sacred Geometry – Shape Power
- Mathematics of the Ancients
 - Vortex Math
 - Fibonacci Math
 - The Golden Ratio - Phi

Ether, The Missing Element

- Michelson –Morley Experiment (1904) Proved There Was No Ether?, Or Did It?
 - Assumed Earth Moving Through Fixed Ether
 - No Change In Light Paths
 - No Ether?
- Sagnac Effect (1913)
 - Setup Rotated During Exp.
 - Assumed Ether Dragged With Earth
 - Gave Positive Results
 - Modern Guidance Systems Use Ring Gyros With Optical Fibers And Lasers With This Setup.

Obtaining Energy From Ether

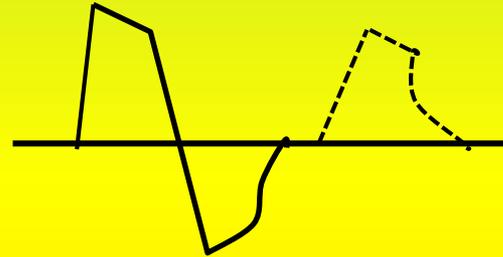

- **Different Theories On The Fabrication Of Ether**
 - **Geometric Representations – Harmonic, In Equilibrium, Consisting Of Black Holes At Every Level**
 - **Nassim Hamein, Elizabeth Rauscher**
 - **More Finely Charged Matter With Polarizations Like The Atom, Electromagnetic Tubes Of Force Based On Tesla Experiments**
 - **William Lynne – Occult Ether Physics**
- **Methods Used To Extract Free Energy**
 - **Disturb The Equilibrium State With Extreme Gradient Pulses Of Energy - High Frequency, High Voltage**
 - **Releases Energy In The Process Of Restoring Equilibrium**
 - **Use Quantum Tunneling**
 - **Semiconductors Junctions, Diodes, Solar Cells**

Laws of Thermodynamics

- **First Law Of Thermodynamics**
 - Energy Is Neither Created Or Destroyed
 - Energy Is Conserved
 - Energy Is Converted From One Form To Another
- **Second Law Of Thermodynamics**
 - No Machine Can Be More Efficient Than 100%
 - Except????
 - The Entropy Of The System Must Always Increase
 - Heat Can only Flow From A Hot Body To A Colder Body
- **Original Laws Based on a Defined Closed System.**

Exceptions to 2nd Law of Thermodynamics

- Sears And Semanski Physics Book (1936) Reports A Coefficient Of Performance Of A Refrigerator At 2 To 6.
- Peter Linderman, Using An Old Science Text, Shows That The Theoretical Performance Of An Electric Motor At 200%
 - Control The Back EMF

- San Diego State Professor Daniel Sheehan Gives many Violations Of The Second Law In Electronic Microcircuits
- William Lynne Analyzed Energy Output of Hydrogen Torch (circa 1911)
 - 103 cal/gm mole of input yields 108,897 cal/gm mole of heat.?

Free Energy Suppression

- This March Toward A New Energy Society Has Been Thwarted
 - By Ivory Tower Scientists, “The Holy Throne of Unassailability”
 - The Energy Cabal
 - Need for National Security - Classify it Top Secret
 - Government Controlled Funding in University System
- We Are Still In A “Flat Earth” Science Era
- By The Threat and Death of Scientists : Rense - www.rense.com
 - 53 Dead, Missing Or Injured
 - 13 Threatened With Death
 - 16 Imprisoned
 - 7 Cases Involved The CIA
 - 27 Inventions Classified Top Secret By The Government
 - 4000 Incidents Involving Oil Companies
 - Many Laboratories and inventions destroyed

Free Energy Suppression

- **Scientists Meeting Untimely Deaths:**
 - E.V. Gray – Capacitive Discharge Motor for Auto
 - Eugene Malove - Editor Of **Infinite-Energy Magazine**
 - Stanley Meyers - Hydrogen From Water For Cars
 - Arie M. Degeus - Inventor Of Self Powering Batteries
 - Orion Project (**Steven Greer**) Scientist Threatened With Death in Visit From CIA

Free Energy Technologies

- There Is A Wide Range Of Technologies From Which “Free Energy” Can Be Obtained
- This List Excludes Technologies Involving Alternative Energies Wind, Solar And Geothermal

Hydrogen

HHO – Browns’ Gas

Motor Generators

LENR – Cold Fusion

Batteries/Capacitors

Bio Energetics

Cavitation

Solid State Technologies

Electrolysis - HHO

Fuel Cells

Hydraulics

Rotating Engines

Kinetic Energy - Wind

Anti-Gravity Devices

Plasma – Inert Gases

Electrostatic – Atmosphere

Crystal Energy - Batteries

- **Blacklight Power, Randall Mills, Blacklight's SF-CIHT Cell Catalytically Converts H₂O Directly Into Plasma Power**
 - **Recently Claimed 1 Cubic Foot Producing 100 MW Of Electrical Power?**
- **John Worley Keely Found That Certain Frequencies Would Dissociate Water**
- **Stanley Meyers Demonstrated That High Frequency/ High Voltage Can Dissociate Water**
- **Henry Garrett Patented A Hydrogen On Demand Device 1935**
- **Francisco Pacheco 1992 Patented A Battery Using Magnesium And Salt Water To Produce Hydrogen On Demand**

Free Energy from Water Technologies

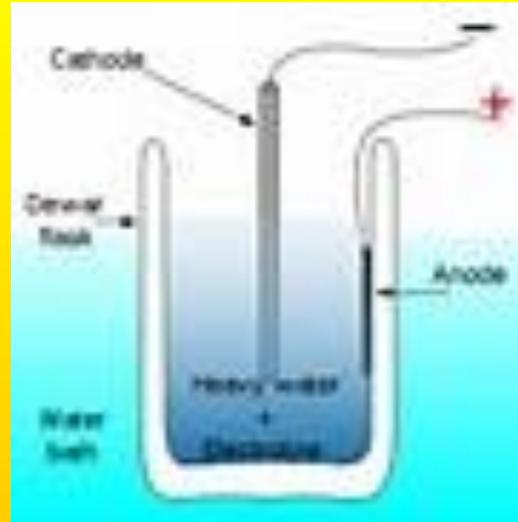

- Anduja Puharich, PHD Physics - H₂ And O₂ Produced Using Resonant Frequencies
- Daniel Dingel - Converted Over 100 Cars To Run On Sea Water Using Electrolysis.
- Kanarev Pulsed Water By Mimicking The Heart To Get Plasma Electrolysis Of Water.
 - 10x More Hydrogen Than By Faraday Electrolysis.
- Peter Graneu, Mit
 - Found Anomalous Energy From Exploding Water
 - More Energy Out Than By Boiling Water And No Heat
 - Water Molecule Bonds Are Separated By Mechanical Tension

Free Energy from Water Technologies

- **Kanerav - Determined That You Can Break Water Bonds By Hitting Solid Surface**
 - Infinite Energy , May/Jun 2010 - Proposed Using Special Turbine To Produce Electricity
- **Koldamasov - Vortex And Imploding Bubbles Produce Heat Through Special Materials**

 - Used Ideas To Purify Water ; “Observe And Copy Nature”
- **Stanley Meyers - Dissociated Water With High Frequency And High Voltage**
- **Bob Boyce (Wave Forms), George Wiseman, Chis Eckman**

Cold Fusion Energy

- Basics
 - Deuterium (Heavy Water) Is Assumed To Be Absorbed Or Forced Into A Heavy Metal Like Palladium Or Nickel.
 - The Palladium Is Used As The Cathode In An Electrolysis Setup
 - Extra Heat And Neutron Production Is Observed.

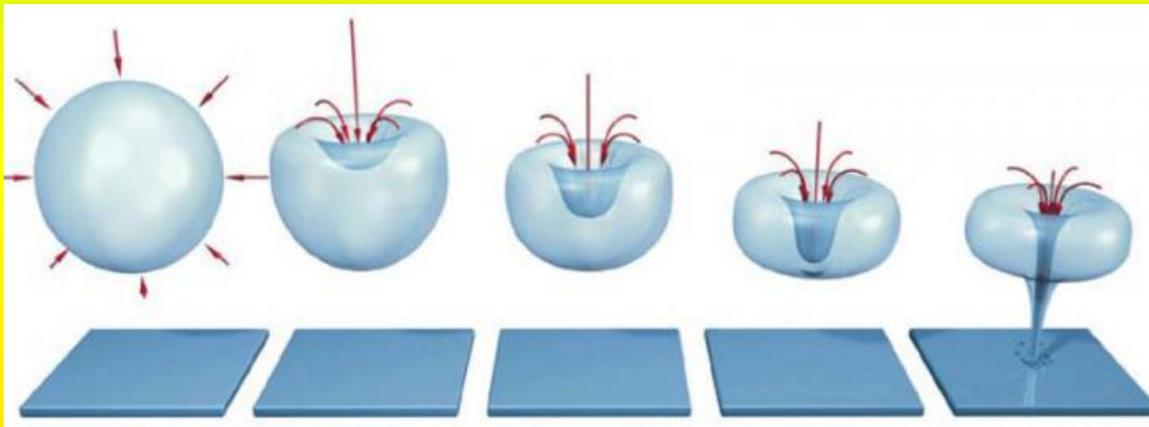

Cold Fusion Energy

- **Types:**
 - **LENR - Low Energy Nuclear Reaction**
 - **LANR – Lattice Activated Nuclear Reaction**
 - **CMNS - Condensed Matter Nuclear Science**
- **History of Cold Fusion**
 - **Pons and Fleishman, University of Utah 1989 Announcement**
 - **Pons and Fleishman Chased out of United States to UK**
 - **Japanese began experimentation in earnest**

Nanospire

- **Cavitation By-Products**
 - #1 Cold Fusion
 - #2 Transmutation Of All Known Elements
 - #3 Free Energy – 2900 Watts Heat From 850 Watts Input
- **Applications:**
 - Cold Fusion
 - Micro-surgery
 - Efficient Solar Cells
 - Produce Bio Diesel
 - Power From Cold Fusion

- Fuel From Water Technology Based On Hydrino Theory
 - Randall Mills – Grand Unified Theory And New Theory Of Electron Shells - www.Brilliantpower.Com
- Sunlight Generator
 - Water And Molten Silver Inserted Into Plasma Generates Light
 - Photovoltaic Cells Convert Light Into Electricity
 - Output Power 100x Input Power
 - 10^6 KwHrs Per Liter Of Water

Blacklight Power/ Brilliant Power

- **Catalyst Induced Hydrino Transition Cell (CIHT Cell)**
 - Similar To Fuel Cell Except Inert Gas Plus Trace Of H_2O Water Vapor Surround Electrodes.
 - Input Current Drives Reaction
 - Output Power Equals 10X The Input Power

Blacklight Power/ Brilliant Power

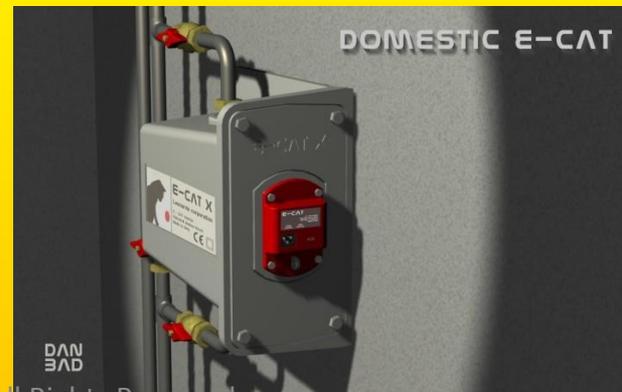

Emerging Business:

- **California Institute Of Technology Has Validated The Claims Of Operation And The Hydrino Theory**
- **Currently Developing A 250 KW Unit**
 - **Smaller Than A Car Engine.**
- **Brilliant Power Has Licenses To Produce Approximately 8,250 Mw Of New Electrical Power To Seven Companies**

Cold Fusion Companies

Energy Catalyzer (E-Cat) Cold Fusion

- Andrea Rossi Cold Fusion Technology – The Leonardo Corp
- May 2014 – 1st 1 MW Unit In Operation
- 124 Patents Worldwide – Industrial Heat - US
- Waiting Certification Of The 10KW Home Unit
- Input Is Natural Gas Plus Solid Fuel (Li7 + H2)
- Electrical Output - COP 2 To 10
- No Radiation Or Radioactive Materials
- Conceptual Drawing of Home Unit

Bloom Energy Fuel Cell

- **Company Started In 2002 By CEO, K.R. Sridhar**
- **Solid Oxide Fuel Cell – Ceramic Plates**
- **Uses Liquid Or Gaseous Hydrocarbons**
- **Two Hundred Servers Have Been Deployed In Calif.**
- **Corporations Include Ebay, Google, Yahoo, And Walmart.**
- **100kw Energy Servers Cost \$700-\$800,000 Each**
- **5 – 10 Kw Servers Planned For Home Use At \$3,000**
- **Capital Cost - \$7-8 Per Kw**
- **Big advantage - Distributed Energy – No Grid**

Bloom Energy Fuel Cell

- **Current Business Plan**
 - **Bloom Energy Retains Ownership Of Servers**
 - **Business Pays For Power Used**
- **Cost Of Electricity (Fuel Usage) \$0.08 – \$0.10 Per**
- **Avg. Commercial Cost Of Electricity - \$0.14 Per Kwh**
- **Plan To Install Portable Energy Servers In Third World Countries**
- **Has 50% Conversion Efficiency**
- **10 Yr Replacement Period**

Limitless Energy Technologies

- Toroidal Coil Using Multiple Circuits
- Unique Windings Based On Ancient Vortex Math
- Eliminates Eddy Currents And Outside Magnetic Interference
- Acts Like Superconductor At Room Temperature
- Acts As A Magnetic Field Amplifier
- **Output Current Is 10 X Input Current At The Same Voltage**
- Used Wherever Power Or Power Transfer Is Needed

The Hydra Light

Extended Battery Power Light/Power Source

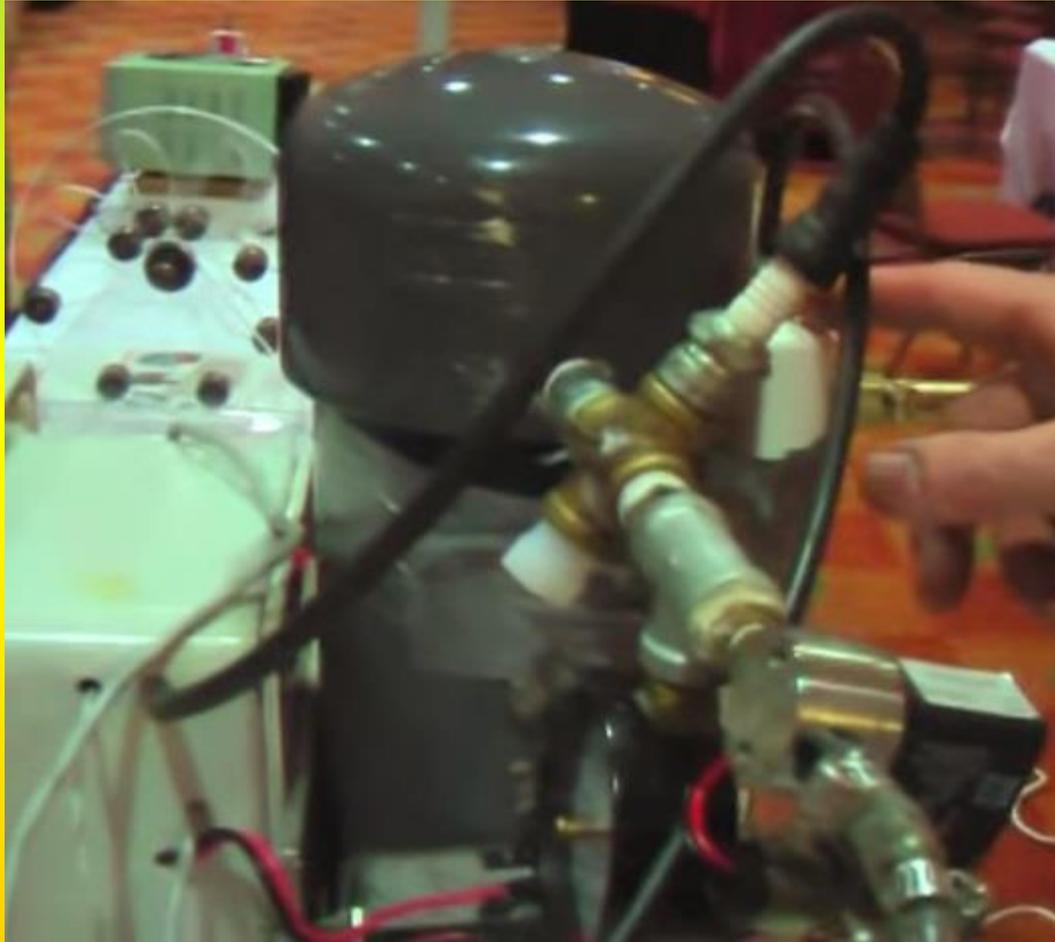

- Uses Proprietary Rod In Saltwater
- Total Useable Power Equivalent To 85 AA Batteries
 - 250 Hours Of Continuous Use
- Powers An LED Lantern And USB Power Port
- Used For
 - Camping
 - Charging Cell Phones
 - Emergency Lighting
 - Small Reading Light

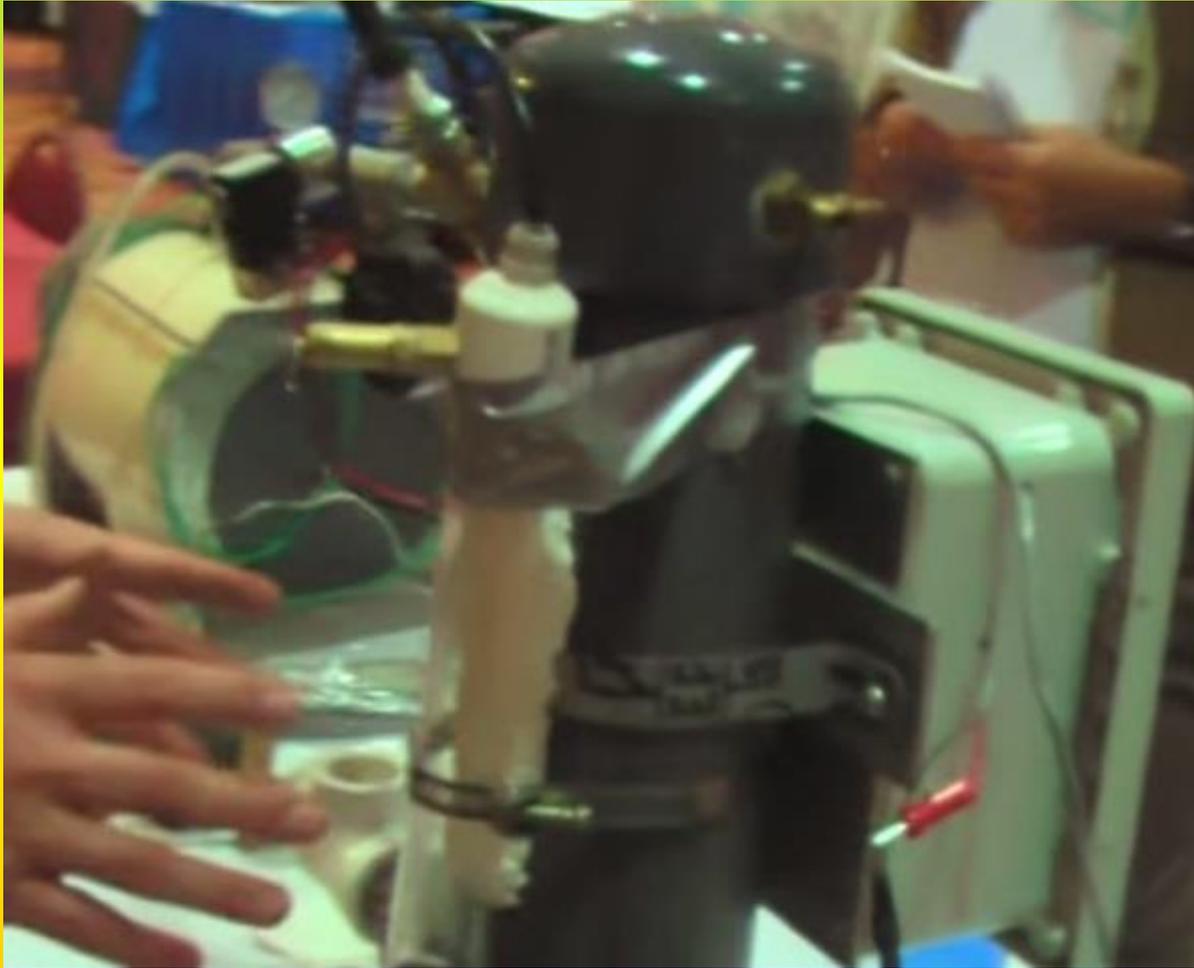

The Lord's Water Pump

- Project To Aid Indigenous Populations In Africa
- Al Throckmorton Is The Inventor
- **Water Pump Uses Water As Fuel To Pump The Water.**
- Generates HHO Gas To Create Hydrogen Explosions In The Pipe To Drive The Water
- Uses Murokami Plasma Spark Plug
- Recharge The Battery From The Device
- Raise Water 500 Ft Over The Hill
- Working Through Church Group With Connections To Africa
- Will Be Built In Kit form For Easy Assembly At Site
- Generac Has Expressed Interest
- Remote Cattle Farmers Have Also Expressed Interest.

The Water's Turbine

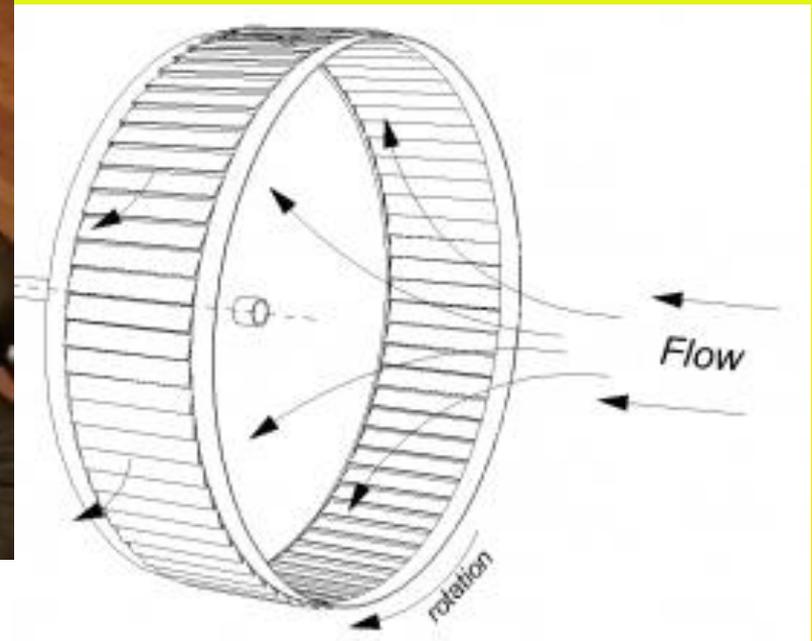

- **New Concept Of Wind/Water Turbine Uses Squirrel Cage**
- **Air Directed Into Turbine Axis ; Not From Side**
- **Captures 100 % Of Air/Water And >90% Of Kinetic Energy**
- **Large Wind Turbines Only Capture 5% Of Air**
- **Can Generate Electrical Energy At 2 Mph Wind Speeds**
- **Centrifugal Action Expands Air And Captures The Heat**
- **Applications Include:**
 - **Small Turbine/Generator For Home/Industrial Use**
 - **Use In Wind Farms, Small Footprint, Low To The Ground**
 - **Create Closed Loop System With HHO Or?**

Actions for Development of Free Energy Technologies

- 1. Establishment Of New Energy Incubators**
 - **Networking Of Inventors, Manufacturers, Funding Sources – The Universal Trust**
 - **Establishment of Private Research and Development Labs**
- 2. Educational Programs Outside Of Academia**
 - **Events Such As SSE**
 - **Free Energy Conferences – GBEM. ETC, ESC, COFE**
- 3. Legislative Action To Open Up Government Funding**
 - **State Funding Programs – Alternative Energy**
 - **Line Items for “Breakthrough Energy” R&D**
- 4. Engage University Scientists and R&D Programs**

Actions for Development of New Energy Technologies

5. Continued Sponsorship Of FE Conferences

- Extraordinary Technology Conference - July**
- Break Through Energy Movement Conference**
- Evolve and/or Thrive New Energy Awareness Fairs**

6. Establishment Of Funding Sources

- Crowd Funding Specifically For New Energy Inventions**
- Involvement of Of Venture Capitalists, And Angel Investors in Free Energy R&D**
- Corporate Free Energy R&D**
- Corporate Sponsorships of Free energy Research Centers**

The Universal Trust

- **A Group Of Worldwide Leaders Championing The Cause Of A Sustainable Planet Through The Implementation Of Paradigm Changing Technologies**
- **Started In 2012 By Mike Upstone**
- **Dedicated To Finding And Vetting New Paradigm Changing Technologies**
- **Networking Of Inventors/Teams Of PCTs Or Community Projects With Investors Of Like Mind**
- **Technologies That Cover All Areas - Food, Water, Waste, Energy, Building Materials, Medical Technologies, etc..**

Free Energy is the Future

- Free Energy Technologies Are For Real
- Free Energy Technologies Have Been Researched Over The Past 100 Years
- Free Energy Technologies Have Been Suppressed By The “Takers”
- Free Energy Is Now Coming Out In The Open
