# 2006 September

Each day the Annenberg Channel offers an in-depth exploration of subjects from across the curriculum organized by subject areas.

**Monday**—Literature & Language Arts

**Tuesday**—Mathematics

**Wednesday**—Science

**Thursday**—Social Studies & History

**Friday**—Arts, Foreign Languages, and World Cultures

**Weekends**—“Extra Credit” repeats and general programming

Teacher professional development workshops are presented on related subject days, with selected weekend repeats. Each workshop and course is usually offered six times in every 24-hour period; the first workshop or course each day features a repeat of the previous week. Times are ET.

This schedule is subject to change. Please check [www.learner.org](http://www.learner.org) for the most up-to-date schedule, program descriptions, workshop and course information, and support materials. *Teachers should preview programs for grade level and content.*

► **Back to School**

Labor Day signals the return to school, and the Annenberg Channel returns to a schedule organized by curriculum days and weekly workshop presentations. Monday highlights literature and language arts programs, Tuesday features math, Wednesday showcases science programming, social studies is the focus of Thursdays, and Friday combines foreign language and arts programming. Branch out on the weekend, choosing from programs across the curriculum. Get ready for the new term with two fascinating specials. *Surprises in Mind* delivers encouraging news about an innate capacity for mathematical creativity, and *School Testing—Behind the Numbers* is a lively, humorous, and thoughtful discussion of the issue.

**26 TUESDAY**

*This day's programming is repeated beginning at 8pm.*

- 8am **Learning Math: Patterns, Functions, and Algebra**  
Video 3. Functions and Algorithms/Video 4. Proportional Reasoning
- 9am **Insights Into Algebra 1**  
Workshop 2. Linear Functions and Inequalities
- 10am **The Merrow Report**  
Making the Grade: Challenges Continue/Making the Grade: Preparing for High Stakes Tests/Making the Grade: Last Day of School  
**Science Simply Amazing**

- 11am **The Missing Link: Middle School Math**  
Workshop 2. Proportionality and Similar Figures: In Practice
- 12pm **Learning Math: Patterns, Functions, and Algebra**  
Video 5. Linear Functions and Slope/Video 6. Solving Equations
- 1pm **Insights Into Algebra 1**  
Workshop 3. Systems of Equations and Inequalities
- 2pm **The Missing Link: Middle School Math**  
Workshop 3. Patterns and Functions: Discovery
- 3pm **Against All Odds: Inside Statistics**
