

Greetings!

We've included some upcoming events and dates in this edition of the Counselors' Corner to keep you connected to what we are doing in the counseling office and in the classrooms during the next few weeks.

Scholarship information packets and a financial aid guidance lesson will be delivered to seniors during English class on Thursday, February 11th. There will be many local scholarships and every student should qualify for at least one. This date is especially important for PSEO students who are encouraged to attend an English class during periods 1, 2, 6, or 7. If you are a PSEO student and cannot attend one of those class periods please come to the counseling office to get your packet anytime after that date.

Seniors and parents are invited to Financial Aid Night on Wednesday, February 24th from 6pm-8pm at the high school. Financial aid advisors will be on campus to assist in completing the FAFSA (Free Application for Federal Student Aid). To complete the FAFSA you will need your social security number, your most recent federal income tax returns, W-2s and other records of money earned, bank statements and records of investment, records of untaxed income, and an FSA ID to sign in automatically. We strongly encourage you to have your taxes completed prior to that night to be able to transfer your federal tax return information using the IRS Data Retrieval Tool. **Enter at door #5 and go to the computer lab (T219).**

Social Studies teachers will be administering the Health Survey on March 1st to grades 5, 8, 9 and 11.
