

# LM4120 Datasheet in Figure 20 on page 11

**Figure 20. Precision High-Current Low-Dropout Regulator Circuit**

Datasheet D45HB in Figure 20 on page 11 is a PNP transistor.

Q1.

Is this circuit not working?

Q2.

In order to operate this circuit,

How can I do it?

(Ex)

$V_{in}$  voltage range change?
