NATURALAIR

THE NEW WELLNESS EXPERIENCE

The new Natural Air system is a cuddle of micro bubbles with a real wellness effect. The new Novellini wellness technology can be touched and seen.

The 0.2 mm micro bubbles released into the water produce a white foam effect that envelops and caresses the body, increasing the oxygenation of the skin. Silent and pleasant, the massage smoothes the whole body, the feeling of contact is velvety and effervescent. In this way the skin is cleaned and hydrated, invigorated, and impurities are removed.

A feeling of warmth accompanies the massage, generated by an increase of cardiovascular activity. The general result is an increase of serotonin which improves mood and reduces pain. A true wellness experience.
