GENERAL INFORMATION

FEES: The registration fee is \$350 for physicians, \$275 for Ohio State University faculty and \$200 for non-OSU hospital trainees and nurses. The fee includes the cost of course materials, breakfast, lunch and breaks. Fees may be paid by Visa, MasterCard, Discover, and American Express, or check. Checks can be made payable to OSU Ophthalmology.

ACCOMMODATIONS: Symposium participants who require overnight rooms are advised that a block of rooms has been specifically reserved at the Crowne Plaza Downtown for arrival on March 7th and departure on March 9th (rates of \$140.00 for single or double occupancy). Reservation requests received after February 20, 2019 will be accepted on a space and rate availability basis. If the group rate is not available after the cut-off date, the prevailing room rates will apply for any reservations confirmed. We encourage participants to arrange for accommodations early due to other activities occurring that weekend in Columbus. Participants may call the hotel for reservations at 877-283-1700 and mention the group code, O62.

ACCREDITATION: The Ohio State University Medical Center, Center for Continuing Medical Education is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to sponsor continuing medical education for physicians.

AMA DESIGNATION STATEMENT: The Ohio State University Medical Center designates this educational activity for a maximum of *11.5 AMA PRA Category 1 Credit(s)*[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity.

COURSE OBJECTIVES: At the conclusion of this activity, learners will be able to: **1.** Describe the neuro-ophthalmic manifestations of giant cell arteritis. **2.** Discuss the current treatment recommendations for diabetic macular edema. **3.** Discuss the current regulatory and reimbursement issues with corneal crosslinking. **4.** Describe current OCT modalities and their application to glaucoma patients. **5.** Discuss refractive goals and outcomes of cataract surgery. **6.** Describe options for functional and cosmetic facial oculoplastic surgery.
