Actual Ethics
James R. Otteson
Print Publication Date: November 2009
Print ISBN: 9780521891111
Online Publication Date: November 2009
Online ISBN: 9780511607042
Book DOI: <http://dx.doi.org/10.1017/CBO9780511607042>

Actual Ethics offers a moral defense of the 'classical liberal' political tradition and applies it to several of today's vexing moral and political issues. James Otteson argues that a Kantian conception of personhood and an Aristotelian conception of judgment are compatible and even complementary. He shows why they are morally attractive, and perhaps most controversially, when combined, they imply a limited, classical liberal political state. Otteson then addresses several contemporary problems - wealth and poverty, public education, animal welfare, and affirmative action - and shows how each can be plausibly addressed within the Kantian, Aristotelian and classical liberal framework. Written in clear, engaging, and jargon-free prose, Actual Ethics will give students and general audiences an overview of a powerful and rich moral and political tradition that they might not otherwise consider.

Search

Cambridge Book Online Provides two types of search options namely 1) Quick Search and Advanced Search.

Quick / Faceted Search

Quick search is available on the top right hand-side of home page and on every page of the site. Using this option, user can quickly search on desired topic. User may search using a single word, group of words or exact terms. This search option is also called Faceted Search because it will search across Cambridge Book Online, Cambridge Journals Online and Cambridge Library Collection. It searches for e-book and Chapter metadata, snippets of the book, article metadata and article content.

Advanced Search

Advanced Search provides option to conduct more complicated searches using multiple fields like author, title, subject, print publication year, ISBN etc. Users can also use Boolean operators to limit their search. It also allows users to refine their search to include or exclude search results from Cambridge Books Online, Cambridge Library Collection or Cambridge Journals Online.

For example:

- Select the database Cambridge Book Online
- Select **Title / Volume** in the first drop-down menu;
- Select Contains in the qualifiers drop-down;
- Enter keyword **ancient** in the search text field;
- Select **AND** in the operators drop-down;
- Now, further select **Title / Volume** in the criteria drop-down;
- Select Contains in the qualifiers drop-down;
- Enter keyword **anger** in the search text field.
- Click Search button to execute search.
- It will display the titles containing both **ancient** and **anger** in the title
- Click on "**search**" button.
