

RETRACTION NOTE

Open Access

# Retraction Note: Decompressive craniectomy without durotomy for traumatic coma and uncontrollable intracranial hypertension

Daniel James Miller<sup>1\*</sup> and Darlene Angela Lobel<sup>2</sup>

The Publisher has retracted this article [1] because it appears that the authors did not obtain the necessary consent to publish their case details from the patients described. The article is no longer available online in order to protect the patients' privacy. Darlene Lobel has agreed to retraction, Daniel Miller could not be reached by the journal for comment on the retraction.
