## INTRODUCTION

If you are planning to supplement your CalPERS pension by working after retirement, you need to know there are specific laws governing the type, timing, and amount of work you can accept without affecting your pension.

You should fully understand the rules surrounding employment after retirement and the consequences of unlawful employment. This publication is designed to help you navigate those rules and help you **avoid these potential pitfalls**:

- Termination of your monthly CalPERS retirement allowance
- Reinstatement from retirement
- Repayment of retirement benefits already received
- Payment of retroactive retirement contributions and interest
- Loss of cost-of-living increases
- Loss of golden handshake benefits

This publication also provides information about working for a CalPERS employer as an independent contractor, consultant, contract employee, or through a third-party employer, such as a temp agency. Additional CalPERS publications referenced within can be obtained on our website at [www.calpers.ca.gov](http://www.calpers.ca.gov) or by calling us at **888 CalPERS** (or **888-225-7377**).

## Terms and Definitions

The following table lists key terms and definitions used in this publication.

Term	Definition
Reinstatement	Returning from retirement status to active employment with a CalPERS employer. Your retirement allowance is terminated until you re-retire in the future. You and your employer also resume making retirement contributions, and you earn service credit.
CalPERS Retiree	An employee of a CalPERS employer who terminates active employment and receives a monthly CalPERS retirement allowance.
Retired Annuitant	A CalPERS retiree working as an at-will employee for a CalPERS employer without reinstating from retirement.
Termination of Retirement	The cancellation of your monthly retirement allowance.
Unlawful Employment	Retiree employment found to be in violation of the retirement law and regulations.

## Partial Service Retirement

An alternative to service retirement and working as a retired annuitant is partial service retirement. This benefit is available to full-time state miscellaneous, full-time state industrial, and full-time public agency employees whose employer contracts for this benefit. It works this way: With employer approval, an employee who meets the eligibility requirements can reduce his or her work time by at least 20 percent but not more than 60 percent and receive a retirement allowance for the balance.

For more information about partial service retirement, contact your employer and ask if they contract for this benefit and see *A Guide to Your CalPERS Partial Service Retirement* (PUB 14).

## Volunteering for a CalPERS Employer After Retirement

You may serve as a volunteer for a CalPERS employer after your retirement, in a position that is never paid. You cannot “volunteer” to work in any compensated position. In addition, you cannot “volunteer” to avoid meeting any of the working after retirement restrictions.

## Before You Retire

### 1. Apply for Retirement and Select a Retirement Date

Separation from employment alone is not considered retirement—you must submit a retirement application to CalPERS to complete the retirement process. You must stop working in all CalPERS-covered employment, including all full-time and part-time positions and any elected or appointed offices for which you have CalPERS membership. It is your responsibility to inform every CalPERS employer of your planned retirement date so that each employer can submit permanent separation information on your behalf. Your retirement date can be no earlier than the day after your last day on payroll with any CalPERS employer.

### 2. Determine your “Normal Retirement Age”

You will want to know how we define “normal retirement age” if you intend on working for a CalPERS employer after retirement; this age determines if you will be subject to the bona fide separation requirement. Federal tax law and California retirement law require a retiring member who is younger than normal retirement age on his or her retirement date to meet a bona fide separation in service before working after retirement for a CalPERS employer.

Normal retirement age for CalPERS purposes is the age listed in your retirement benefit formula, for example, age 55 for the 2% at 55 formula or age 62 for the 2% at 62 formula. However, maximum normal service retirement age is never greater than 62, even for the 1.25% at 65 formula. If your retirement allowance is based on more than one formula, regardless of when that formula was earned, the oldest benefit formula age determines your normal retirement age.

To determine your normal retirement age, refer to your most recent CalPERS Annual Member Statement or contact CalPERS. If you have more than one benefit formula, the oldest age of all the benefit formulas is your normal retirement age. If you are younger than the age in that formula on your retirement date, please refer to the “Bona Fide Separation in Service Requirement” section on page 11.

To view your most recent Annual Member Statement, log in to your my|CalPERS account at [my.calpers.ca.gov](https://my.calpers.ca.gov).

## Restrictions on Post-Retirement Employment

State and federal laws provide specific employment restrictions for retirees who return to work with an employer in the same public retirement system from which they receive a benefit.

These restrictions are intended to prevent the “double-dipping” of a retiree receiving a monthly CalPERS retirement benefit while also receiving a salary from permanent or regular staff employment with a CalPERS employer. Retirees may work in retired annuitant positions only. See “Retired Annuitant Rules” beginning on page 9. Disability retirees are subject to additional requirements and restrictions. Also see “Disability Retirees – Additional Requirements and Restrictions” beginning on page 16.

When applying for employment with any employer, it is your responsibility to:

- Ask if the employer contracts with CalPERS for retirement benefits.
- Inform the employer you are a CalPERS retiree (receiving a retirement benefit from CalPERS) and specify the type of retirement, whether service, disability, or industrial disability.
- Apply for retired annuitant positions only. Disability retirees may work in a permanent position upon receipt of CalPERS’ pre-approval. See “Working for a CalPERS Employer in a Permanent Capacity After Disability Retirement” beginning on page 17.

**You and the employer share equal responsibility to ensure your employment complies with the retirement law when hired and during the entire course of your employment.**

## Termination of Retirement (Reinstatement From Retirement) Due to Unlawful Employment

Any retiree employment found to be in violation of the retirement laws and regulations is unlawful employment. This will result in your mandatory reinstatement from retirement, retroactive to the date the unlawful employment began.

If reinstated, your retirement allowance (pension payments) will stop and you will be required to reimburse CalPERS the amount of retirement allowance you received during the period of unlawful employment. In addition, you will pay your employer the member contributions plus interest owed retroactive to your reinstatement date. The employer who unlawfully employed you will submit your member contributions and pay employer contributions plus interest owed retroactive to your reinstatement date.

When you re-retire, please be aware that your new retirement may not include the same benefits you had with your previous retirement. Reinstatement may result in a loss of medical coverage and adversely affect other benefits from your prior retirement, such as a golden handshake or reciprocity, if another system's final compensation was used to calculate your CalPERS allowance.

For information about voluntary reinstatement from retirement into active employment, review *A Guide to CalPERS Reinstatement From Retirement* (PUB 37), which contains the application for reinstatement.

## POST-RETIREMENT EMPLOYMENT SCENARIOS

### Private Sector Employment

If you are a service retiree, you can work for a private industry employer not associated with any CalPERS employer without restrictions and continue to receive your CalPERS retirement allowance.

If you are a disability retiree, there are restrictions on the work you can do for a private industry employer. If you retired on a disability or industrial disability, be sure to review the “Disability Retirees – Additional Requirements and Restrictions” section beginning on page 16.

If you are either a service retiree or a disability retiree, and you want to work for a private sector employer who provides a service to a CalPERS employer, please see the section on “Independent Contractor Employment” beginning on page 14.

### Employment in Other Public Retirement Systems

If you are a service retiree, you can work without restrictions in a position that qualifies for membership in any other public retirement system without terminating your CalPERS retirement and continue to receive your CalPERS allowance. This includes certificated (teaching) positions covered by the California State Teachers’ Retirement System (CalSTRS).

If you are a disability retiree, there are restrictions on working for an employer in a different public retirement system. See the section on “Disability Retirees – Additional Requirements and Restrictions” beginning on page 16.

### CalPERS/CalSTRS Election

CalPERS retirees cannot elect CalSTRS membership for CalPERS-covered classified positions per Government Code section 20309, which only applies to active CalPERS members.

### Employment in JRS II

For information about employment in positions that qualify for membership in the Judges’ Retirement System II, please call (916) 795-3688.

## Working for a CalPERS Employer

If your post-retirement plans include working for a CalPERS employer, you have these options: reinstating from retirement, working as an independent contractor, or retired annuitant employment. Disability retirees have another option, which is to work in a permanent position under Government Code section 21232. If you retired on a disability or industrial disability, there are additional restrictions on the work you can do while retired. Please review the “Disability Retirees – Additional Requirements and Restrictions” section beginning on page 16 for information on that option.

### **Voluntary Reinstatement From Retirement**

You should only apply for and accept a **regular staff position** with a CalPERS employer if you are voluntarily reinstating from retirement, and you and the employer have completed the *Reinstatement From Service Retirement Application* form or the *Reinstatement From Disability/Industrial Disability Retirement Application* form. For more information about voluntary reinstatement from retirement into active employment, review *A Guide to CalPERS Reinstatement From Retirement* (PUB 37), which contains the reinstatement application forms.

### **Independent Contractor Employment**

You can be lawfully employed by a CalPERS employer as an “independent contractor,” as a “consultant,” or as an “employee of a third-party employer,” including your own business entity, if there is no common law employer-employee relationship between you and the CalPERS employer. Please see the section on “Independent Contractor Employment” beginning on page 14.

### **Retired Annuitant Employment**

A retired annuitant is a CalPERS retiree who works as an at-will employee of a CalPERS employer with certain restrictions to avoid jeopardizing his or her retirement allowance (pension payments). As a retired annuitant, you do not accrue service credit or otherwise acquire any additional retirement benefits from the employment. If you intend to remain retired and work for a CalPERS employer, you should only apply for and accept a retired annuitant position. Appointment to any permanent or regular staff position (part- or full-time, intermittent, hourly, seasonal, on call, exempt from civil service, exempt from membership, etc.) requires reinstatement from retirement. This applies to all CalPERS member classifications (miscellaneous, safety, police, fire, etc.).

## RETIRED ANNUITANT RULES

There are two types of retired annuitant employment: “extra help” and interim (or acting) “vacant position” employment.

### Extra Help Positions

The retired annuitant employment restrictions for extra help positions are authorized by Government Code sections 7522.56, 21224, 21227, and 21229. You must meet the following restrictions:

- **Limited-Duration Work**

You have skills needed to perform work of limited duration or your employment is needed during an emergency (such as floods, earthquakes, etc.) to prevent stoppage of public business. While these workloads may last more than one fiscal year, the employment should terminate when the limited-duration work you were hired to perform is completed. Examples of work of limited duration are work to eliminate a backlog, work on a special project, and work that is in excess of what regular staff can do. You cannot be employed in any regular staff position such as “seasonal,” “permanent intermittent,” “exempt from civil service,” “exempt from membership,” “TAU,” or any other “temporary” position other than a retired annuitant position.

- **Compensation**

The hourly pay rate you receive cannot be less than the minimum or exceed the maximum paid to other employees performing comparable duties as listed in the employer’s publicly available pay schedule. Also, you cannot receive any benefit, incentive, compensation in lieu of benefits, or other form of compensation in addition to the hourly pay rate. For example, vacation benefits cannot be provided to a retired annuitant. **The only exception** would be if the employee is being reimbursed for job-related expenses (for example, mileage reimbursement).

- **960-Hour Limit**

The hours you work cannot exceed 960 hours in a fiscal year (July 1 through June 30) for employment with all CalPERS employers combined. **There are no exceptions to this limit.** Your employer must enroll and report your hours to CalPERS, per Government Code section 21220.

California State University (CSU) academic staff retirees can work as retired annuitant academic staff for CSU employers as authorized by Government Code sections 7522.56 and 21227. However, the hours worked for all CSU employers cannot exceed 960 hours in a fiscal year or 50 percent of the hours employed during the last fiscal year prior to retirement, **whichever is less.**

- **Unemployment Insurance Payments**

You cannot be appointed as a retired annuitant if you received unemployment insurance payments for prior retired annuitant work for any CalPERS employer within 12 months prior to your appointment date. Upon accepting employment, you must certify in writing to the employer that you comply with this requirement. See additional information in the section “Unemployment Insurance Payments” on page 12.

## **Vacant Positions**

You may be appointed to an interim position by the governing body of an employer, as authorized by Government Code sections 7522.56 and 21221(h). The employment must meet all the requirements above for extra help positions and the following additional requirements below. Examples of these positions include city manager, police chief, fire chief, individual department head, director, CEO, etc.

- **Active Recruitment**

Before you are hired, the employer must have in place an active recruitment for a permanent replacement for the vacant position.

- **Limited-Duration Work**

You can be hired only as an interim or acting appointment during the period of recruitment; you cannot work in a permanent capacity or for an indefinite period of time.

- **Single Appointment**

You can be appointed only once to the vacant position.

- **Compensation**

Your hourly pay rate cannot be less than the minimum or exceed the maximum for the vacant position as listed on the employer’s publicly available pay schedule. As noted above, you cannot receive any benefit, incentive, compensation in lieu of benefits, or other form of compensation in addition to the hourly pay rate.

## Eligibility Requirements for Retired Annuitants

In addition to the requirements on the previous pages, all retirees must meet **both** of the following two requirements to be eligible to work for a CalPERS employer:

### 1) Bona Fide Separation in Service Requirement

You cannot be employed as a retired annuitant if you are younger than the “normal retirement age” on your retirement date, unless both of the following conditions are met:

- There was no verbal or written agreement to return to work as a retired annuitant between you and any CalPERS employer before you retired.
- There is a termination of employment (separation in service) for 60 days between your retirement date and the date your limited-duration employment as a retired annuitant will begin.

All retirees who are under normal retirement age at retirement must meet the bona fide separation in service requirement even if an exception to the 180-day wait period applies (see below). These two requirements may be served concurrently. The only exception to this restriction is for employment due to the specific emergency conditions as defined in Government Code section 8558. This bona fide separation requirement is in California retirement law and regulations to comply with Internal Revenue Code tax regulations.

### 2) 180-Day Wait Period Requirement

You cannot be employed as a retired annuitant for a period of 180 days after your retirement date, unless you qualify for one of the following exceptions. The 180-day wait period begins on your retirement date.

#### Exceptions

- Before you begin work, your employer must certify the nature of the employment and that the appointment is necessary to fill a critically needed position sooner than 180 days. The appointment must be approved by the employer’s governing body, in a public meeting, and must be approved as an action item, rather than on a consent calendar.
- You will participate in the California State University’s (CSU) Faculty Early Retirement Program (FERP) pursuant to a collective bargaining agreement with CSU that existed prior to January 1, 2013, or has been included in subsequent agreements.
- You are a retired firefighter or retired public safety officer as defined in Government Code section 3301 (peace officer) who will perform firefighter or peace officer retired annuitant work.
- You are a CalSTRS retiree who is subject to sections 24212, 24214.5, or 26812 of the Education Code. Call CalSTRS at (800) 228-5453 for more information.

The 180-day wait period applies without exception if you receive a golden handshake or any other employer incentive to retire.

Normal retirement age is the oldest age listed in your retirement benefit formulas.

## State Employer Civil Service Eligibility Requirement

Retired annuitant employment with a state agency is limited to retirees who have civil service eligibility from previous state agency employment or who qualify for appointment under an applicable civil service employment list. Visit the California Department of Human Resources website at [www.calhr.ca.gov](http://www.calhr.ca.gov) for more information. Retired State of California employees can apply for retired annuitant positions via the Boomerang website at [boomerang.ca.gov](http://boomerang.ca.gov).

## Unemployment Insurance Payments

California law prohibits appointment of a retired annuitant by a CalPERS employer if, during the 12-month period before an appointment, you received unemployment insurance compensation for prior retired annuitant employment with any CalPERS employer. Upon accepting employment, you must certify in writing to the employer that you comply with this requirement.

If you are working as a retired annuitant and it is discovered that during the previous 12 months you were paid unemployment insurance compensation based on prior retired annuitant employment with any CalPERS employer, your employment must be terminated on the last day of the current pay period. You will not be eligible for appointment as a retired annuitant with any CalPERS employer for 12 months following the termination date of the current employment. Violation of this unemployment insurance compensation restriction does not result in mandatory reinstatement from retirement.

## Exceptions to Retired Annuitant Requirements

### Elected or Appointed Offices

You can serve in an elected or appointed office after retirement without reinstatement from retirement. However, if you serve without reinstatement and part or all of your retirement allowance is based on service in that elected or appointed office, the portion of your allowance based on service in that office must be suspended for your time in office. When you leave office, your allowance will be unsuspended going forward.

If you wish to earn additional CalPERS service credit for your time in the elected or appointed office and that office is subject to CalPERS membership, you must reinstate from retirement.

If you are serving in an elected or appointed office for which you have CalPERS membership and wish to retire before your term expires, you must resign from that office.

## Special State Appointments

### *Part-Time Member of State Board or Commission – CalPERS Retirees and Non-CalPERS Retirees*

You can serve without reinstatement from retirement as a salaried part-time member of a state board or commission, where part-time is defined as an appointment with a salary of no more than \$60,000 annually, which will be increased in any fiscal year in which a general salary increase is provided for state employees. The amount of the increase cannot exceed the percentage of the general salary increases provided for state employees during that fiscal year. You acquire no benefits, service credit, or retirement rights from this employment.

### *Full-Time Member of State Board or Commission – CalPERS Retirees*

You can serve without reinstatement from retirement as a non-salaried full-time member of a state board or commission. You may receive only per diem authorized to all members of the board or commission. You do not earn any service credit or benefits in CalPERS, or make any CalPERS contributions. If you accept the salary, you must reinstate from retirement.

### *Full-Time Member of State Board or Commission – Non-CalPERS Retirees*

If you receive retirement from a public retirement system other than CalPERS, you can serve as a non-salaried full-time member of a state board or commission and continue to receive your retirement allowance in addition to any per diem authorized to all members of the board or commission. If you accept the salary, you must suspend your retirement benefit from the other system and enroll as a new member of CalPERS. Upon retirement (1) the pensionable compensation earned from the service on this board or commission will not be eligible for reciprocity with any other retirement system or plan, and (2) you will be entitled to future reinstatement of any suspended benefits, including employer-provided retiree health benefits, for which you were entitled at the time of appointment to the board or commission.

### *Full-Time Commissioner of the State Board of Parole Hearings or Full-Time Commissioner of the State Board of Juvenile Hearings – CalPERS Retirees and Non-CalPERS Retirees*

If you are appointed as a full-time commissioner of the California Board of Parole Hearings or the California Board of Juvenile Hearings, you may serve without reinstatement from retirement, and without loss or interruption of benefits provided by the retirement system. These appointments are made by the Governor and require confirmation by the California Senate.

## INDEPENDENT CONTRACTOR EMPLOYMENT

You can be lawfully employed by a CalPERS employer as an “independent contractor,” as a “consultant,” or as an “employee of a third-party employer,” including your own business entity, without restrictions if there is no common law employer-employee relationship between you and the CalPERS employer. If a common law employer-employee relationship exists, the employment is subject to the retired annuitant restrictions even if the employment agreement claims to be for an independent contractor. If the work you will perform is the same or similar to work you performed as an active employee or is work performed by an active employee of that employer, an employer-employee relationship exists and the employment is subject to the retired annuitant restrictions.

If you work as a supposed independent contractor and are later determined to be an employee and that employment violates any of the retired annuitant restrictions, your retirement will be terminated. See “Termination of Retirement Due to Unlawful Employment” on page 6 for details.

### Independent Contractor, Consultant, Third-Party Employee

Independent contractors are not “employees” and are excluded from membership in CalPERS by Government Code section 20300(b). A true independent contractor, consultant, or third-party employee is someone who contracts to provide a service or complete a task according to his or her own methods. This person is not subject to the contracting entity’s control as to the end product, final result of work, or manner and means by which the work is performed. We use the “common law control test” as a guide to determining independent contractor status. Many factors are considered, including the manner and means by which the work is accomplished. We will request and use all relevant information that provides evidence of the degree of control of the work being performed to make a determination.

### Contract Employee

A “contract employee” is a common law employee who periodically signs an employment contract. If you are hired as a contract employee after retirement, that employment **must meet all of the retired annuitant restrictions, including that you must be hired in a retired annuitant designated position.**

The common law control test is a guide to determine whether a worker should be classified as an employee or an independent contractor.

## Statutory Employee

You cannot be hired as an independent contractor or as an employee of a third-party employer for a position established by statute, city charter, or municipal code. Examples of these positions are city manager, police chief, fire chief, etc.

## Independent Contractor Determination

To ensure a proposed employment agreement or position is a true independent contractor position, we recommend you obtain an independent contractor determination from CalPERS **before** you begin any such employment.

If you would like us to review your proposed independent contractor service agreement, please send the complete agreement by mail, email, or fax as shown below. We will review the contract within 60 days.

## DISABILITY RETIREES – ADDITIONAL REQUIREMENTS AND RESTRICTIONS

In addition to being subject to all the rules and restrictions mentioned on the previous pages, disability and industrial disability retirees are subject to the following additional eligibility requirements and restrictions:

- Your disability retirement requires you to inform CalPERS immediately if you are no longer incapacitated, or if your current employment is a position similar to the one from which you retired.
- Your employment must also be a position significantly different from your pre-retirement position. The position should not include duties or activities you were previously restricted from performing at the time of your disability retirement.
- If you are under the minimum service retirement age and are performing duties similar to those from which you were previously found disabled, CalPERS can re-evaluate your medical condition to determine whether you should be reinstated from retirement.
- If you are a **disability retiree**, you may work for other public retirement systems, a private industry employer not associated with any CalPERS employer, or a CalPERS-covered employer in a retired annuitant compliant position, and continue to receive your CalPERS retirement allowance. However, if you are under the minimum service retirement age (50, 52, or 55), your retirement benefit will be subject to an earnings limit under Government Code section 21432.
  - You are required to report your gross earnings to CalPERS, either on a monthly or quarterly basis.
  - The total employer-paid portion of your monthly retirement allowance and your new gross earnings cannot be greater than the current compensation of the position from which you retired. If the total is greater, your retirement allowance will be reduced.
  - Once you reach your minimum service retirement age, your employment is no longer subject to an earnings limit (Government Code section 21432). Call us toll free at **888 CalPERS** (or **888-225-7377**) to request a *Disability Retiree's Report of Earnings* form.
- If you are an **industrial disability retiree**, you may work for other public retirement systems, a private industry employer not associated with any CalPERS employer, or a CalPERS-covered employer in a retired annuitant compliant position, and continue to receive your CalPERS retirement allowance. Your employment is not subject to an earnings limit (Government Code section 21432), even if you are under the minimum service retirement age.

## Working for a CalPERS Employer in a Permanent Capacity After Disability Retirement

Under Government Code section 21232, disability or industrial disability retirees may seek permanent employment while receiving retirement benefits with CalPERS' pre-approval. However, certain restrictions apply. Your job duties must differ significantly from those required in the position from which you retired. The position should not be the same position from which you retired or in the same member classification, and the position should not include duties or activities you were restricted from performing at the time of your retirement. If you are approved to work, you will be required to report your earnings to CalPERS and your retirement allowance will be subject to an earnings limit.

To be eligible for employment, you must first meet the following requirements (refer to specific sections in this publication):

- The bona fide separation requirement, if applicable.
- The 180-day wait period requirement or an allowable exception.
- No receipt of unemployment insurance payments for previous retired annuitant employment for 12 months before the appointment.
- State Employer Civil Service Eligibility for employment with a state agency employer.

### Applying to Work Under Government Code Section 21232

You must have CalPERS' written approval before beginning employment.

To request approval to work for a CalPERS employer in a permanent part-time or full-time position while receiving disability or industrial disability benefits, you must submit the following required documents to CalPERS:

- *Request to Work While Receiving Disability/Industrial Disability Retirement Benefits* form
  - You complete and sign Section 1.
  - Your prospective employer completes and signs Section 2.
- *Physical Requirements of Position/Occupational Title* form
  - You and your prospective employer must complete all sections and sign jointly.
- **Position duty statement**
  - Submit to CalPERS a position duty statement provided by your prospective employer that describes the permanent position in which you wish to work.

- **Current medical report(s)**
  - You must schedule an appointment with a specialist for the disabling condition(s) that precluded you from working, and you must provide the specialist with a copy of the position duty statement and the completed *Physical Requirements of Position/Occupational Title* form.
  - Provide to CalPERS a current medical report from that specialist. If you had more than one disabling condition at the time of retirement, you must provide a medical report on appropriate letterhead from each medical specialist. The specialist(s) must include the following pertinent information in their medical report:
    - Your name and the date of the most recent examination.
    - Confirmation that the specialist reviewed and discussed with you the position duty statement (by title) and the *Physical Requirements of Position/Occupational Title* form.
    - Whether you have any limitations or restrictions to performing all tasks involved.
    - Specific details explaining the restrictions, if any.
    - Specialist’s signature, printed name, medical specialty, and contact information.
  
- **Additional required documents – local safety retirees**
  - If you are a local safety disability or local safety industrial disability retiree, you must also submit the medical documentation used at the time of your retirement identifying the restrictions placed upon you. You must also submit a position duty statement describing the position you held when you became disabled.
  
- *A Physician’s Report on Disability* form is not required.

**All the forms are available on our website at [www.calpers.ca.gov](http://www.calpers.ca.gov).**

For CalPERS to begin the determination process, which can take approximately three months to complete, you must submit all required documents with your request form. There are times when we may require additional information or an independent medical examination to supplement your medical specialist’s report. If so, we will select the medical specialist, schedule the appointment, and pay for the examination.

All permanent employment under Government Code section 21232 requires approval prior to employment; there are no exceptions. If you violate this law, you and your employer will be responsible for the unlawful employment. This could result in your mandatory reinstatement from retirement into the current position, whether or not the permanent position is part time or full time. See “Termination of Retirement Due to Unlawful Employment” on page 6 for details.

### **Once Approved Under Government Code Section 21232**

Retirees approved to work under Government Code section 21232 do not accrue service credit or otherwise acquire retirement rights for employment as a retiree.

You will be informed of the amount of your earnings limit and how to report your earnings. The total employer-paid portion of your monthly retirement benefit and your new earnings cannot be greater than the current compensation of the position from which you retired. If it is greater, your retirement benefit will be reduced. The earnings limitation continues as long as you are employed in the approved position; it does not end when you reach your service retirement age.

If you wish to change to a different employer, change job location, change to a different job (demotion, reclassification, lateral transfer, promotion, etc.), or restart employment in a previously approved position, you must reapply to CalPERS and await our approval before beginning employment. If you do not receive prior approval, you will be considered unlawfully employed and subject to reinstatement, i.e., termination of retirement. There are no exceptions to this requirement.

You cannot be concurrently employed in any other positions (retired annuitant, other temporary position, or another permanent position) with the employer you are approved to work for or any other CalPERS-covered employer(s). If you are found in violation of this requirement you will be subject to mandatory reinstatement from retirement into the approved position. See “Termination of Retirement Due to Unlawful Employment” on page 6 for details.
