Jan 1, 2013 - Directed Energy Technology

Discussing the effects of the directed energy weapon(s) used on 911 Dr Judy Wood says: 'there's this weird effect on materials, its softenss them up ... its a vortex kind of energy system. Pretty weird.... It's a static field and that's part of the key. It's not the amount of power..It doesn't take much power. It's the type of interference that counts. If you create a static field and within that, interfere radio frequency signals voila, you get this weird effect. And I think it's important we start looking at radio frequency signals AND natural weather systems. Talking about why she wrote the book: "**Where did the towers go?**" Dr Judy Wood says: To take back our ability to think; Use it or lose it... I like to empower the reader to think... This (911) was done in front of the entire world. The evidence is right before you... this was a demonstration in front of the entire planet - OF THIS TECHNOLOGY... If everybody in the world KNOWS this technology exists, we're free to develop it in broad day light... I think we need to move to a culture that doesn't live on exploiting others but just lives to live, and lives to share. I think that really is where we've come to. IF EVERYONE KNOWS ABOUT THIS TECHNOLOGY, ITS SAFER. that means everyone grows up realising we need to be careful how this is used. We need to use it for good not bad... this could destroy the planet, like that (snap)... if the energy is directed a different way... a category 12 earthquake would split the earth in half... that's the same amount of energy the earth gets from the Sun every day. and that energy supports life, instead of destroying it. So we need to choose how we want to use energy... If the common person understands that this technology exists, that allows it to be freely developed in broad daylight by regular scientists around, and it ends up falling into better hands, THAN WHO HAS IT NOW. Who has it now, we know how they like to use it. [1 hr, 24'-30']. Discussing the going away (disappearance of Buildings 1, 2 and 7 and much of four other buildings on 911 Judy Wood said: '911 was a psychological operation.... this is evidence of "free energy" technology. And what I mean by "free energy" is non conventional energy that has not been metered... If I was to give it a name the name I would give it MAGNETIC ELECTRO-GRAVITIC NUCLEAR reactions. Electro-gravitic nuclear reactions describes low energy nuclear reactions which, the slang term for it is called FUSION... It doesn't take many people; folks within an organisation tend to follow the leader of the organisation. and there's undoubtedly a lot of well meaning people *following* that ... the official story was a psychological operation. It was very well planned. Do you think they just forgot to plan a cover up?... [If you don't accept version one, we'll give you version two.] Yeah. If you don't like version two we'll give you version one. If you have a false choice...? [Is there a version three? Is there a limited hangout?]. There seems to be some backups for that... the aim of my book is to empower the reader to understand for themselves. Instead of having to follow anybody... If you look at the evidence, the evidence will tell you exactly what happened. The buildings turned to dust.[44' - 46'].

Ron: Explain to me WHY so-called dual citizenship Jews who swear loyalty to Israel, a foreign country, are given ANY right to even comment on issues like gun control in the US? How absolutely STUPID is the Amerikkan public? Anyone who swears allegiance to a foreign country is a TRAITOR! Yet Amerikkans not only allow Jews (a mere 1.2% of the population)

to run the US and force amerikans to pay huge fealty fees to Israel but they also force Amerikkans to fight endless foreign wars on behalf of Jewry. NOW these Talmudists are demanding that Amerikkan gois give up their guns. Do Amerikkans KNOW what happened to Russian Christians when they stood aside and allowed Bolshevik Jews to take over the Russian government and disarm all Christians? Alexandr Solzhenitsyn says the Bolshevik Jews murdered 66 million Russian Christians. Hatton says the Bolshevik jews killed 100 million Christians in all. Talk about a death wish... All life reincarnates and once your animal says I AM, meaning it knows it is separate from others, it begins its own individual journey. And if your pet seems "almost human", I assure you they are. And they can and are moved when ready to a human body type to start that journey. There are angels that have this in fact as their speciality service. Ron: Lying Canaanites tarnish everything they touch. Even this video exposure of Zionists examples that fact. First, Zionists ARE Jews. Second, there was NO Holocaust. Third, Jews who pretend to criticise Zionists actually reinforce the Talmudic narrative ie the Jew's RACIST BLOOD LIBEL ABAINST THE GERMAN NATION, by iterating over and over the bullshit about 6 million Jews being Holocausted during WWII when there were only ever 3 million Jews in German occupied Europe during that time. ALSO, only 271,304 Jews died in German work camps (see: <http://just-another-inside-job.blogspot.com/2007/06/official-records-from-international-red.html> And <http://www.heretical.com/miscella/rudolf.html>) and almost all of them died of typhus with less than three thousand dying of natural causes and some 117 being executed for criminal offences at Auschwitz. Never the less, at the 43' 50" to 44' 10" mark in this video Norman Finkelstein says: "Every single member of my family was exterminated... and its because of what my parents taught me and my two siblings that I will not be silenced..." However, Finkelstein was born on 8 December 1953 ...so his parents were very much alive and UNEXTERMINATED at that time. See eg: PLAYING THE HOLOCAUST CARD: http://abundanthope.net/pages/Ron_71/PLAYING-THE-HOLOCAUST-CARD.shtml Similarly, at about the 38' minute mark in this video George Galloway reinforces the Holocaust LIE that SIX million Jews were Holocausted. The fact that George Galloway, Norman Finglestein and their ilk (like Gilad Atzmon who blames Germans for what Jews are doing to Palestinians, see eg: http://abundanthope.net/pages/Political_Information_43/Jew-propaganda-Gilad-Atzmon-continues-to-Blame-the-German-nation-for-Israel-s-genociding-of-Palestinians.shtml) pretend to believe that the Holocaust Hoax actually happened, explains why the Jews let them go around criticising Jews, provided they refer to them as Zionists, AND repeat the Holocaust LIE when they do. In effect these people are Canaanite disinfo agents (and/or useful idiots) pretending to inveigh against Zionists but really supporting the Jews and their lying Holocaust narrative. UNTIL gentiles learn to understand and decipher these disinfo techniques the Jews will continue to befuddle evangelical Christians and humanity generally, and continue to organise the piecemeal genocide of goyim. Another LIE slipped into this video is the Canaanite suggestion that Adam expelled God from the Garden of Eden, not the other way around. WHY anyone continues to believe these Talmudic lies about anything beats me. Personally I think its time that the Canaanites fucked off, preferably to another planet.

There is PANIC in Washington. A country of only 75,000,000 people (17th in the world list), without an atomic bomb, is extending its influence! A country surrounded by American military bases and aircraft carriers is somehow managing to break free! A country whose television and radio broadcasts are being suppressed is somehow managing to get its message through! A country which is not attacking any other country, which is not occupying any other country, which is not dealing in drugs, which is not dealing with al Qaeda, which is not deliberately stirring up sectarian hatred, which is not bent on trapping everybody else into debt, which dares to want justice for Palestine and whose foreign policy is based on conferences and discussion rather than conflict and drones, is being honoured by others! Dec 29, 2012 - Sandy Hook: more television brainwashing using guests as fodder -how television takes your guns

Under no circumstances, of course, will the producer or the anchor permit the mother to go on camera and show outrage and anger. That's verboten. That cuts too close to the bone. That doesn't fit the mandatory sequence of horror, shock, loss, grief, healing, resolution, celebration of a life lost. The whole sequence is artificial. It's imposed. It's orchestrated. It's a stage play, produced in great part through interviews with guests who have suffered loss and who are "real." Except they're not. They're programmed to deliver what the networks want. And behind all this? Behind the mandatory spooled-out story line, which takes days to reveal in full, on television? The concealed anomalies and lies and contradictions in

the commission of the crime and the ensuing cover-up. The network story line hides as much of that as possible. - Jon Rappoport

It isn't. And if this article implies that, it is disinformation despite its likely factual basis. Of course, the average gun totin police terrorist is often just part of some local sectarian or ethnic crime syndicate but the total

scenario is orchestrated by Talmudic Canaanites like Joe Lieberman who are in turn, the point men for the Rothschilds and other Canaanites hidden behind the bankster, corporatist curtain centred in the City of London. Believe it! This criminality is orchestrated by Talmudic Canaanites who have been destroying nations and empires from within for thousands of years. By focussing on local factors this article obfuscates the BIG PICTURE which is that the Talmudists have instigated the corruption and destruction of the US from within and they have almost achieved that goal. For instance, it doesn't matter to the Talmudists who actually organised and perpetrated the seeming or actual slaughter of the children at Sandy Hook, that event fulfilled the Talmudist goal of achieving the indiscriminate slaughter (blood sacrifice) of goyim wherever possible in order to proliferate the terror, confusion and angst that such terrorism creates. What this article tells you is that Talmudic inspired corruption in the US is sooo deep and sooo entrenched that it can only be eradicated by divine intervention. So be it.

Dec 27, 2012 - Imagining a World Without Money (Repost)

Ron: To live without money humanity needs to grow spiritually. Currently human societies are so mind controlled that spiritual development is stunted. The Catch 22 is that to increase consciousness and evolve we need to overcome centuries of mind control social engineering that has manifested the money meme and the socio-economic and spiritual problems destroying us and the planet.

The money meme creates personal paradigms based on FEAR: Fear of scarcity and not having enough. That fear isolates us, alienating us from ourselves and each other which exacerbates the problem. YET that fear is NOT due to a lack of the labour and resources needed to eliminate scarcity and the false need for competition it fosters.

This is a chicken and egg situation. The money meme creates inequality, poverty, isolation, alienation, insecurity and competition YET those situations, emotions and attitudes must be removed in order for spiritual consciousness to flourish.

To manifest a world without money it is necessary to eliminate the artificial scarcity and competitive mind control memes on which the money paradigm is based. Humanity will not do that until the current socio-economic system collapses or Earth or other physical circumstances force everyone to jettison personal attitudes and attachments built on the scarcity and competition memes. Until a critical mass of humans experience the truth that money cannot enable them to survive let alone thrive, they will not change.

Only when we stop listening to the Canaanites and start heeding the words of the Cree Prophecy will we give up our dependence on money:

Only after the last tree has been cut down,
Only after the last river has been poisoned,
Only after the last fish has been caught,
Only then will you find money cannot be eaten.

The Arab scholar Murtadi noted that Num and Khufu (Shufu), the builders 'of the Pyramids,lived with Noah. (British Museum Catalog, 1909). Shem was also referred to by the name of Menes, from the Hebrew Meni, or man, which appears in the Egyptian Book of the Dead,referring to Uranus and his three sons, an obvious reference to Noah. Ham later became known as the Egyptian [God Amon](#). Herodotus writes that the first king of Egypt, who reigned until 2320 B.C. Eusebious says that three hundred successive sovereigns descended from him, the Thinite Kings, who had succeeded the demigods. The historian Murtado referred to Shem as Menes. As the most able son of Noah, Shem exemplifies the qualities upon which all subsequent civilizations have been built; courage, the desire to build, and the willingness to subdue those who have adopted a lower form of life. He is the Adamite who created civilizations as we have known it. On the other hand, the descendants of Ham, the Canaanites, exemplify the Satanic urge to destroy civilization and there bellion against God. J. Hewlitt points out that Adamite meant a "thinker," and mena or man produced Menes, the thinking man. This survives today in the intellectual society, Mensa. The distinction was made to distinguish the lineage of Adam from the pre-Adamites, or non-thinking men. (Ruling Races of Prehistoric Man, v. 2 p. 364). The Jewish Encyclopaedia says that Shem became king of Jerusalem as the representative of YHWH, so that he could carry on the battle against the slave people, the Canaanites.

Look at the mesmerizing tonnage of legend launched to convince the population of ancient India that the caste system was a cosmological necessity, given the rules of universal justice and the regulations governing reincarnation. This "spiritual system" was, finally, a cosmic fascism. It was a work of art designed and managed by the aristocratic and priest classes, to cement their control over the population. In other words, these rulers invented a reality for the masses that thereafter commanded: "We made reality for you. Your job is now to live inside it." Likewise, in recent centuries, the rise of science was twisted and extrapolated into its own legend: materialism. "There is nothing beyond particles whirling in space. That's it. That's what is real, everywhere. You live inside this idea. Adjust. Reject any thoughts that don't mesh with it."

Ron: This mechanism can be seen in the inability of the Western world to believe that the Keshe Foundation has produced plasma technologies that will transform our ideas about science and the world we live in.

Ron: This video speaks the truth. Watch it if you want to understand WHY our world is as it is. It identifies those who have caused the misery, genocide and destruction in our world. The Pharisees were Canaanites ie inheritors of the *Will of Canaan* which is stated in the Babylonian Talmud thusly: "Five things did Canaan charge his sons: love one another, love robbery, love lewdness, hate your masters, and do not speak the truth." Pes. 113b. Canaan's prime directive "DO NOT SPEAK THE TRUTH" is faithfully observed by today's neo-Pharisees ie the Khazar and Sephardic Jews. Accordingly they never present themselves to the world as Canaanites or Khazars and always conceal their activities behind false political and cultural fronts of every description to further their Canaanite Conspiracy to hate, rob and corrupt their "masters" ie all non-Jews. The Masons and Illuminati are front

organisations behind which the Jews conceal themselves and their foul intentions. The only way to defeat the Canaanite Conspiracy is to NAME it and its perpetrators, *not* their "front" organisations and paid gentile lackeys and agents. You cannot avoid oppression if you refuse to know who is doing it. Those doing it are Canaanites masquerading as Jews just as they masqueraded as Pharisees in Biblical times. Strictly speaking they are NOT a race but adherents to the vicious Canaanite ideology encapsulated in the Talmud and the Pentateuch. Most but not all Canaanites incarnate as Ashkenazis ie Khazars.

Since they represent only 1.2% of the US population it can't be their numbers can it? The so-called "Old Testament" is the law that Jews live by - they reject the New Testament and utterly despise Esu Immanuel (aka Jesus the Christ). The only reason that the Christian Bible includes the Old Testament is because Pharisees created the Chritian Church and inserted the barbaric Pentateuch among its "holy books." The best evidence for the truth of these assertions is that the Bible which is supposed to embody the teachings of Esu Immanuel to *love your neighbour as yourself for the love of God* is polluted with commands such as: "If you want slaves, buy them from other nations or from the foreigners who live in your own country and they shall be your property and you may leave them as an inheritance to your sons after you to hold in perpetual possession, but do not make slaves of your own people or be cruel to them." The very label 'conspiracy' serves as an automatic dismissal, as though no one ever acts in secret. Let us bring some perspective and common sense to this issue. The United States comprises large organizations - corporations, bureaucracies, 'interest groups,' and the like - which are conspiratorial by nature. That is, they are hierarchical, their important decisions are made in secret by a few key decision-makers, and they are not above lying about their activities. Such is the nature of organisational behaviour. "Conspiracy" in this key sense, is a way of life around the globe." - Richard Dolan

Ron: This video really starts at the 8'50"mark. For those interested it mentions a lot of the criminal connections and criminality in US politics. Gordon Duff says that Rupert Murdoch runs a very extensive criminal intelligence network that blackmails British prime ministers and many others. From 2 hours onwards it is more interesting and especially from the 2 hr 30' mark. Gordon Duff reckons that Tesla technologies have been used by the US since 1991 and that the US has been using free energy devices at least since the early 1970s. He also reckons that the US has space platforms orbiting the Earth which carry energy cannons that can destroy whole cities. He says that Iran has six free energy plasma electric generators that each produce as much power as a nuclear power plant and that Iran is supplying power to many South East Asian countries via grids. He seems to imply that Iran's electric generators are TESLA type devices whereas it is more likely that they are Keshe type plasma generators. Gordon Duff says aliens may not be benevolent and warns against trusting them. He seems to endorse the possibility of aliens attacking Earth (the likely date WAS said to be 21.12.12). Clearly he is wrong on both counts. This major piece of disinfo and his statement that humanity will NEVER get "free energy" leaves me suspicious of Duff's true mission. Although most of what he says is laudible and I agree with him that Imran Khan will lead Pakistan out of its corrupt subservience to the US, I am also mindful that he has said publicly elsewhere that only 40% of what he writes is truth. Moreover Duff's amazing contacts and positions on major bank and corporate boards etc, has to leave a question mark over his true loyalties. He also appears to be misinformed about Leo want and the so-called "Want funds". In that respect he sounds like others who say that the US is about to be gifted with trillions of USD which they will benevolently distribute. On balance though, I like what he says and his seeming sincerity.

Dec 23, 2012 - [Solutions: 3D Printing](#)

Ron: Get your head around 3d printing Pilgrims. This revolutionary manufacturing development is already changing our world. The implications for true freedom and abundance are enormous. It means that most manufacturing can be done on a bespoke, one off basis if desired. But more importantly, 3D printing means that in the very near future most everyday items can be made locally. Gone are the days of massive globe spanning multi-national corporations monopolising the manifestation, distribution and sale of items needed for living and the baubles sought by the consumerati. Most smaller items will be printable in homes or at most in village workshops. Larger items and machinery may need to be made in nearby towns or district city centres. Economies of scale will largely become irrelevant and certainly they won't overcome the diseconomies involved in making "stuff" in sweat shops on the other side of the world and shipping "it" thousands of miles to local retailers. The primary choke points at which monopolists might try to restrict the benefits from this technology will be the manufacture of 3D printers, lasers etc, and of the variety of metalised powders, plastics and other liquid materials needed as raw materials in 3D manufacturing processes. The first problem should be easily overcome because once 3D printers of sufficient size to make other 3D printers become available it may well be possible to print duplicate 3D

printers. The second problem, producing appropriate feed stock for the various 3D processes, may require somewhat more centralised production facilities, at least for the more exotic metallised powders etc, but that should not prove very susceptible to monopoly control either.

The theoretical DOWN SIDE of proliferation of 3D technology, namely the enormous loss of jobs in manufacturing, transport, distribution, and selling of consumer items etc, plus the loss of sales and income taxes that would result if everyone started making "stuff" for themselves at home or locally, is actually a benefit for humanity. Why? Because it will eliminate so many useless activities and jobs such that people can have more using less time and effort. The current global economic system is collapsing due to rising unemployment because other technologies have drastically reduced the work for which people need to be employed. See eg: http://abundanthope.net/pages/Political_Information_43/Getting-Off-Money-II.shtml As the current money and employment systems are symbiotically co-dependent the economic system they underpin MUST collapse once 3D printing creates real local community autonomy, as it must. That will create an opportunity for local communities to rethink attitudes to life and work and to redesign community attitudes and activities previously based on scarcity consciousness so that they reflect a new reality of abundance based on 3D printing, Keshe Foundation technologies and the like. So be it.

The rationale for Gladio was the creation of a "strategy of tension" including FALSE FLAG TERRORISM in order to control goyim populations. In the words of one of the perps: "You had to attack civilians, the people, women, children, innocent people, unknown people far removed from any political game. The reason was quite simple: to force ... the public to turn to the state to ask for greater security." ... The swiftness with which the fear of Communism has since been transmuted following the end of the Cold War into a fear of Islamic terrorism, along with the arrival of the whole security-military- industrial-complex

I'm sick of hearing this nauseating, pointless moaning and sloppy emotional crap about the latest slaughter in Connecticut. I'm even seeing it in segments of this so-called alternative movement...How the hell do you think it got that way, to the extent that it's even really true? It's staged! It's engineered! It's imposed on us! By the very ones accusing us of being violent

and needing to be heavily policed and monitored and now disarmed and who knows what else! Don't you get it? Never mind the absolutely outrageous hypocrisy, as they murder innocent children around the world in massive numbers. Where are the tears for them, you lying murderous hypocrites? Absolutely disgusting!

The only reaction that counts at a time like this is righteous anger and indignation! How much longer will these covert agencies be allowed to waltz in and stage terrorist events and blame it on some patsy and imply it's some "social problem" that needs "meaningful action"? - Zen Gardner

The Palestinian men, women and children who are slaughtered on a daily basis are referred to as dangerous terrorists while the Israelis are innocent civilians. Hamas; a political outfit and the largest humanitarian organization in Palestine is a "terrorist outfit". Hezbollah and Iran that have never attacked any country are the "biggest threat to world peace". At the same time, Israel; the only country that possesses nuclear weapons in the Middle East and has not allowed a single inspection of its nuclear sites by international agencies, kills Palestinians on a daily basis and funds terrorist operations worldwide is the symbol of peace in the Middle East. According to the Global Militarization Index **Israel is the most militarized country in the world**. Its air force is considered second only to that of the US.- Anthony Mathew Jacob

The Keshe Foundation has made a fundamental move that means that as of 15.12.2012 the Foundation will support all its sub-divisions and all nations' websites in their own language on its own server.

All teachings from this day will be facilitated direct, and in some cases with a streaming video conferencing support system, through our new server which can support thousands of live video channels simultaneously. The systems have been purchased and are now getting set up for the launch around that day...

Our public lectures now moves to different countries and will not be restricted to Belgium and Holland. There are series of lectures planned for 15, 16, 17 and 18 December in 4

different cities in Italy.

Lectures in France, Germany and Japan are under consideration in the early part of the 2013. - M T Keshe

Dec 22, 2012 - The Religious and Social Crisis in America. Political Consequences

Ron: The Canaanite stranglehold on US and global politics depend on Canaanite bankster control of fiat money creation and usurious fractional reserve banking. Judaism (Talmudism) merely provides recruits for the Canaanite Conspiracy's Fifth Column of sayanim and hasbara - the global support networks needed to force Talmudic ideology upon gentile populations and enforced bankster control and distribution of the global money supply which enables the Talmudists to buy control of almost all politicians, corporations, bureaucracies and everything else. However, the BRIC nations AND some 30 Asian nations agreed last month to

finance their members' inter country trade using local currencies NOT the US dollar (USD). That marks the end of the USD as the global reserve currency and the death of Canaanite control of global money creation and banking. That will destroy Canaanite bankster control of the global matrix control system. Falling numbers of professing Jews ie supporters of Talmudic politics and banking practices, signals the ending of the Canaanite Conspiracy to rule the world. The rats are leaving the sinking ship. Even the stupid goyim are starting to notice that it is ludicrous for 1.2% of (dual national) Jewish/Israeli Amerikkans to dominate and enslave the 98.8% of non-Jews in the US. Sayanim and hasbara Jews need to realise that their activities are actually treasonous and once non-Jewish Amerikkans WAKE UP to that fact, they will act to eliminate the parasitic Talmudic infection that has almost destroyed their nation and humanity. Incidentally, the real crime syndicate is Jewish. The Don Correlleone is strictly a Hollywood (Jew created) fantasy. If there are any doubts, just look at who controls Las Vegas, the drug trade, liquor, porno, usury, prostitution, the unions, etc. See:

Dec 22, 2012 - Sandy Hook massacre: Evidence of official foreknowledge?

Even if we granted these 'law enforcement officials' superfast detective powers, they would not have been able to travel back in time to rewrite the script regarding **how they knew what they knew about the Lanza brothers**, particularly Ryan. Because from the moment the official line was forced to deviate towards saying that Ryan Lanza was no longer the 'dead shooter inside the building', it became *impossible* for these 'law enforcement officials' who "weren't authorised to speak" (but heck, were telling lots of people lots of things that morning anyway, and whose credentials enabled them to speak through the Associated Press and other media outlets) **to have retrospectively discovered all these connections of Ryan**. The only logical conclusion I can draw at this stage is that somebody or some group with high-level media access had FOREKNOWLEDGE of the crime, foreknowledge that is revealed by their 'anonymously' leaking to the press things which they could not otherwise have known, foreknowledge that exposes their hand in originally planning to use both Lanza brothers as patsies .- Niall Bradley

Dec 19, 2012 - Israeli death squads involved in Sandy Hook bloodbath: Intelligence analyst

In truth, the public may well just be sick of hearing stories about "lone gunmen." Of all possible horrors, this one, even more than the Benghazi killings, is loaded with political implication, not just "gun control," but a clear attack on the security of every American family. Days later, the Sandy Hook Massacre, the iconic slaughter of twenty small children, is now looking like a terrorist attack, not a "murder suicide." Was "lone gunman" Adam Lanza a "patsy," the same word Lee Harvey Oswald used to describe himself before being "silenced" in November 1963? Today, Michael Harris, former Republican candidate for governor of Arizona and GOP campaign finance chairman, in an internationally televised news broadcast, cited "Israeli revenge" in, what he called, "the terrorist attack in Connecticut."... Ron: IMHO Zen Gardner needs to take a leaf out of his own book and closely scrutinise *his* assessment of Russia Today and his assessment of the propaganda emanating from the Daily Bell which is an excellent example of what this articler is supposedly warning us against. Zen endorses the Daily Bell's claim that RT is part of a Hegelian Dialectic to implement a NAZI world government backed by Vladamir Putin because it's guests rage against Goldman Sachs and the corruption of capitalism, "punishment" of Wall Street bankers, the "full fledged downfall of modern capitalism" and government control of money with national central banks under the control of the people. These eminently reasonable policies are demonised as cheerleading for Hitler's economics and neo-National Socialist public banking. The only justification offered is the fact that National Socialism was initially funded by Khazar bankers who subsequently destroyed Germany because Hitler refused to allow Jewish bankers to enslave the German nation, issuing sovereign credit to fund the German nation instead. Really! That's what it says! Apparently simply using Hitler's name is supposedly enough to justify denigrating and demonising public control of money issuance and banking. And because Ellen Brown supports genuine public control of banking and favourably cites Germany's economic achievements in the 1930s she is castigated as well. Apart from snide implicit calumnies of RT, Putin, Hitler and National Socialism the Daily Bell makes a virtue of NOT naming names, fancy that! And of course, as always, the word "Jew" is not mentioned anywhere. It's hard to beleive the Daily Bell doesn't know what it's saying but I assume that Zen doesn't. To make a difference one must know what one is wishing for and talking about. Those inclined to accept the slur on Hitler, National Socialist banking and Ellen Brown's support for it should read:

GlaxoSmithKline received a total of 1,742 reports of adverse reactions between October 23, 2009, and October 22, 2011, including 503 serious adverse reactions and 36 deaths.

Initiative Citoyenne stated:

In addition to these 36 deaths at least 37 other deaths (sudden death mainly), bringing the total to at least 73 deaths since the launch of the vaccine in 2000, and again, this concerns only the death by sudden death, no further recovery of under-reporting...

Note that only 1 to 10% of adverse reactions to vaccines are actually reported. Therefore, in reality, the problem could potentially be far more serious and the actual number of fatalities much higher. - Christina England

Russia has placed immense restrictions on foreign-funded lobby groups and NGOs, demanding that they exhibit the same level of transparency and honesty that they themselves demand of the government. Foreign subversion, however, requires a degree of deceit and exploitation toward targeted segments of the population. Dec 17, 2012 - [The Globalization Of Hanukkah](#)

A Jewification of the globe is at work my friends where the hidden motto "*dilute and conquer*" is inflicting it's pernicious results. For the highly touted "*exchange of ideas and culture*" has all but obliterated the celebration of Christmas from Western civilisation. For after all *globalisation* is entirely a Jewish affair. That's why Hanukkah and not Christmas is celebrated every December by Presidents, Chancellors and Prime Ministers. And government sponsored slogans wishing every one "*Happy Hanukkah*", "*Happy Holidays*" and "*Happy Causaday*", what ever the heck that is, has seized Happy Christmas from the tongues of the globalised masses. To be sure Hanukkah is an anti-Christ symbol which says "YOU STUPID GOIS, JESUS CHRIST IS NOT THE MESSIAH.- Br Nathanael Kapner

Ron: This is what the Apocalypse is about. It heralds the collapse of the old Canaanite male dominated, competitive societal ideology and the rise of the feminine oriented caring and sharing social meme that is replacing it. That collapse of the old money-centric system is accompanied by the ever increasing exposure of the falseness previously HIDDEN in human discourse. That is why it was previously possible to distort Christian truths about Christmas and everything else but as incoming photon energy information changes human DNA, the truth is coming to light. That process will continue until nothing remains hidden. As the truth comes increasingly into view Bernaysian style manipulation of human emotions will cease to be effective As that happens humanity will climb to a state of higher consciousness.

Hello beloveds, Christ's team of himself, and AH members Paul, Andre' and Roel have finished the transcriptions of the the published Phoenix Journals. I am in great joy over this and my personal thanks go to the four of you for your efforts over the past 3+ years. This one published today is the final Journal published.

These originally were copied from print books, and scanned into the computer, making long long downloads, almost impossible on dial up at 1 to 2 hours each. This effort was carried out by Patrick Bellringer of FourWinds years ago to make them available to the public.

Christ and team used OCR software to make much simpler PDF files of the scanned material. They have produced 2 chapters a day, over 20,000 pages in Word, all gifted by themselves in service to you and Michael of Nebadon, the chief author, working as "Hatonn" and also Esu and other of the ascended masters as to authors. Because there is always lots of error in using OCR to produce word documents, everything has to be proofread before it can be published, a laborious process. Please send your thanks

mentally to each one by name for the long years of effort in serving YOU.

These pdfs are all now available, 114 of them in the left menu as Phoenix Journal pdfs and also on Christ's site <http://www.freewebs.com/tweeofmeer/phoenixjournals.htm>

Aka "The Event": It came hard on the close of the 20th Century- the seas rose and the lands sank- in some cases they changed places. There was warfare, suffering and disaster beyond any human imagining. Nobody came on a white horse to save anyone- the people that were left were on their own. This is going to be one tough ride. I got the impression that there is nothing that can be done about it by humans- it is simply the way things are. I knew somehow that this is the conclusion to a "great war" that began LONG ago.- Anonymous

Ron: Frank O'Collins says that Rome became a ghost town in the 5th Century and it wasn't until 751 A D that the Carolingians under Pippin established the Catholic Church in the Vatican. He also plausibly states that in the 11th century, Venetian bankers took over the Vatican. All in all, both the Eastern Orthodox and Catholic Churches were created, compromised and/or controlled by powerful secular forces almost from their inception. The issue then, is HOW can the Catholic Church and the Vatican be said to have ever been truly independent of Talmudists or anyone else, rather than in effect: "Did Catholics or Jesuits secretly control and USE Jewry?"

It is worse than useless to make local business development a political issue while ever the community allows governments to give **MONOPOLY** licences to private banksters to create money out of thin air and to charge interest (usury) on it whether such decisions are made "locally" or thousands of miles away.

By taking banking back, local governments could regain control of that very large slice (up to 40 per cent) of every public budget that currently goes to interest charged to finance investment programs through the private sector... countries with high degrees of government ownership of banking have grown much faster in the last decade than countries where banking is historically concentrated in the private sector. I don't care what they look like, readers. I am using material researched in the early '20s. I don't, nor did I, make the rules of action for those calling themselves Jews. I don't call them Jews; they named themselves that over a thousand years after Immanuel, the one you call Jesus, was long gone. They priorly called themselves "**The Serpent People**", also known as **Khazarian** (many spellings of this word), and when a "religion" was required of them--they took up the Judean "**faith**" (misdefinition). They were commercially oriented and warriors, with the more blood spilled the better--and they called "**that**" sacrifice. They never pretended to be Semites until in the modern last century and a half when it could be used as a tool against Gentiles. There is no recognized "in-between"; there are, according to the self-styled, self-named "**Jews**", **ONLY JEWS AND GENTILES**.

Ron: Sir James Michael "Jimmy" Goldsmith was right when he warned against the GATT free trade round back in 1994. Real wages were already declining in the US, Australia and other developed Western countries due to economic rationalism initiated under the Washington Consensus in 1980. Free trade just provided the death blow which is now apparent in the US and the West generally. However, what Goldsmith and all other commentators failed to notice then was that computerisation, robots, automation and electronics were rapidly eliminating the need for cheap Third World or any wage labour. The need for humanity to work a 40 hour week or worse, all year, just to earn a living, is disappearing. Moreover, that trend is increasing almost exponentially today such that gross consumerism and part time work cannot prevent rapidly gross unemployment. The result **MUST** be the collapse of the welfare state and with it the fiat debt money and usurious fractional reserve banking systems which are symbiotically co-dependant on free range serfdom ie wage slavery - the commodification of human labour inherent in the labour for income mechanism. The show's over folks, the Fat Lady IS singing! Ubiquitous BIG Government will necessarily disappear along with wage slavery, fiat money and usurious banking because Big Government depends upon taxing workers in employment to fund the unemployed, politicians, bureaucrats, the military industrial complex and all the rest. This is good news. Even better news is that Keshe type plasma technologies will shortly be eliminating the need for monopoly capitalism in all areas but especially in energy production, power distribution, transportation and health care. Humanity will become free to serve family, neighbour and community as God intended. So be it.

The existing global control matrix based on fiat debt money and a usurious centralised fractional reserve banking system MUST be replaced by mechanisms that prevent monopolistic corporatist practices generally, but especially in food production and distribution. Tinkering at the edges is fiddling while Rome burns. However, this author doesn't even do that. He merely regurgitates verbiage to the effect that if enough food is produced and distributed and people can afford to buy it, everything will be OK. Ron: The Brazilian City of Belo Horizonte is obviously a great example for our human future after Little stasis. There will be both a chance and a need for new beginnings in all human societal arrangements. Food is the first and most vital area in which we will need to learn to share adequately but if possible we also must develop the positive attitudes and appropriate techniques for sharing all other requirements for healthy civilised living. That will mean developing methods for ensuring adequate housing, clothing, transport, general health and medical care, care of young, old and disabled people, and appropriate parent and community organised and controlled education arrangements. As Belo Horizonte's example with food security demonstrates, these changes are possible - all that is needed is conscious awareness of the NEED to achieve them.

Unknown to the public, Reith had been the prime minister's speech writer. Ambitious to become Viceroy of India, he ensured the BBC became an evangelist of imperial power, with "impartiality" duly suspended whenever that power was threatened. This "principle" has applied to the BBC's coverage of every colonial war of the modern era: from the covered-up genocide in Indonesia and suppression of eyewitness film of the American bombing of North Vietnam to support for the illegal Blair/Bush invasion of Iraq in 2003 and the now familiar echo of Israeli propaganda whenever that lawless state abuses its captive, Palestine. This reached a nadir in 2009 when, terrified of Israeli reaction, the BBC refused to broadcast a combined charities appeal for the people of Gaza, half of whom are children, most of them malnourished and traumatised by Israeli attacks. ... **the Israeli state has successfully intimidated the BBC into presenting the theft of Palestinian land and the caging, torturing and killing of its people as an intractable "conflict" between equals.** Standing in the rubble from an Israeli attack, one BBC journalist went further and referred to "Gaza's strong culture of martyrdom". So great is this distortion that young viewers of BBC News have told Glasgow University researchers they are left with the impression that Palestinians are the illegal colonisers of their own country. The current BBC "coverage" of Gaza's genocidal misery reinforces this.- John Pilger

The Canaanite political parties were the Pharisees, Sadducees, Zealots, Essains, Assissins, Herodians, and Scribes. A later group, the Edomites, descended from Esau and later intermarried with the Turks, producing a Turco- Edomite mixture which later became known as the Chazars, the present occupants of Israel, according to the great Jewish scholar, Arthur Koestler The Canaanites were divided into the Amorites, Hittites, Moabites, Midianites, Philistines, Ammonites, Edomites, Zidonians, Sepharvaims, Perizzites, and affiliated tribes, all of which are routinely denounced in the Bible. Genesis 3:17: "The Perizzites are the enemies of God; the Ammonites worshipped Moloch Chemos and were demon-possessed." The Ashodites worshipped the fish and god, Dagon-they were robbers and hated God (as recorded in the BritishMuseum --Ed.). The Egyptians were known as

worshippers of black magic, which resulted in God's rebuff to Hagar. The Amorites were cursed by God (Ezra 9:1). Hittite was defined as meaning to destroy or to terrify; Perizzite came to stand for strife and disorder; the Sepharvaim (later Sephardim) were revolutionaries; Jebusite stands for trampling underfoot. - Eustace Mullins

http://abundanthope.net/pages/Ron_71/Gilad-Atzmon-on-German-Guilt-and-Multiculturalism-mp4.shtml Atzmon's thesis is that Germans are responsible for what the Jews in Israel and elsewhere DO, because the Jews falsely allege that Germans gassed and incinerated six million Jews during WWII! The absurdity of their lies only escapes critical world wide attention because Jews "own" the money supply in the US and most other countries along with their governments, news media, publishing, academia, education and entertainment systems etc.

Dec 6, 2012 - [Sooo, "some of your best friends are Jewish"....](#)

Ron; Zionism is organised, funded and controlled by Jews and its members are Jews. Its aims are entirely directed towards benefiting Jews by stealing the land and property of Palestinians (and others) in order to establish GREATER ISRAEL - a racist, apartheid state controlled by Jews. Attempting to distinguish Zionism from Jews and Judaism is disengenuous. Changing a name does not change an underlying identity. For instance the global matrix controllers who call themselves Bnai Brith or Mossad or the US Corporate government are still Jews ie neo-Pharisees aka Canaanites.

Incidentally polls taken in Israel indicated that 94% of the Jews in Israel supported the Cast Lead IDF attack on Gaza in 2008-09. That implies that seven million Jews in Israel alone, supported that genocidal assault on 800,000 children and their parents, trapped in the biggest open air prison in the world.. As most Jews in the US also support Israel's occupation of Gaza and Palestine it is unreasonable to claim that Jews are not at the core of the problem. If your Jewish friends do not support Israel's occupation of and attacks on Gaza and the West Bank ask them what they are doing about it.

What amazes me most **[Ron: And me too.]** is that we still refuse to identify the perps. Thousands of well-meaning Internet commentators effuse explanations of one atrocity or another, but virtually all these blowhard bloggers seem congenitally unable to name the designers of all these crimes against humanity, these crimes against their neighbors. Even as the source of all these disasters, diseases and atrocities inevitably point to the same

source, we simply refuse to name the perps — the exterminators of our lives. Hidden beneath the calumnies against Adolf Hitler lies the real answer to our dilemmas that we are still, even at this late hour, afraid to utter. The Jews can't be made to see the error of their ways; they're too busy figuring out new ways to kill people, after first robbing them of all their possessions, and later inventing stories that they were really trying to create world peace by murdering every Palestinian child they could find. And knowing, that in their fear, the victims of their mindless terror scams will remain unable and unwilling to speak their name, even as they breathe their last breath. - John Kaminski

AN INTRODUCTION TO THE "JEWISH PROTOCOLS"

" The *Protocols* have attracted much attention in Europe, having become the center of an important storm of opinion in England only recently, but discussion of them in the United States has been limited. These are the documents concerning which the Department of Justice was making inquiries more than a year ago, and which were given publication in London by Eyre and Spottiswoode, the official printers to the British Government.

But all through the documents there is left no doubt as to the people against whom the plan is aimed. It is not aimed against aristocracy as such. It is not aimed against capital as such. It is not aimed against government as such. Very definite provisions are made for the enlistment of aristocracy, capital and government for the execution of the plan. It is aimed against the people of the world who are called "Gentiles". It is the frequent mention of "Gentiles" that really decides the purpose of the documents. Most of the destructive type of "liberal" plans aim at the enlistment of the people as helpers; this plan aims at the degeneration of the people in order that they may be reduced to confusion of mind and thus manipulated. Popular movements of a "liberal" kind are to be encouraged; all the disruptive philosophies in religion, economics, politics and domestic life are to be sown and watered, for the purpose of so disintegrating social solidarity that a definite plan, herein set forth, may be put through without notice, and the people then molded to it when the fallacy of these philosophies is shown.

The formula of speech is not, "We Jews will do this," but "The Gentiles will be made to think and do these things." With the exception of a few instances in the closing *Protocols*, the only distinctive racial term used is "Gentiles".

[H: BUT REMEMBER THIS IMPORTANT FACT. THERE ARE ONLY "JEWS" AND "GENTILES" AS DESCRIBED IN THE DEFINITIONS OF THE "JEWS". THIS INCLUDES ALL PEOPLE, ALL RACES, ALL CREEDS, ALL CITIZENS--THERE ARE ONLY "JEWS" AND "GENTILES".] "

" The Star of David, the Jewish national emblem, is a six-pointed star, formed by two triangles, one standing on its base, the other on its apex. Deprived of their base lines, these triangles approximate the familiar Masonic emblem of the Square and Compass. It is this Star of David of which a Jewish observer in Palestine remarks that there are so few among the graves of the British soldiers who won Palestine in the recent war; most of the signs are the familiar wooden Cross. These Crosses are now reported to be objectionable to the new rulers of Palestine, because they are so plainly in view of the visitor who approaches the new Jewish university. As in Soviet Russia, so in Palestine, not many Jews laid down their lives for the cause: There were plenty of Gentiles for that purpose.

[H: I would tell you a little tale about this very small town of Tehachapi. Over the non-Catholic cemetery here someone laid out a cross on the hillside. It contained flowers and somehow denoted the area as a cemetery. Along came the Jews and objected. They not only objected, but by law the township was required to remove the symbol. So, now there is the bottom of the Cross with no top--just a "T" for, I suppose, Tehachapi. There was a flap over that too as being outrageous in snickering compliance--but there it is, with only stones and no flowers. My, my aren't we cute? Do you REALLY think the dead people care about the flower beds? Well, I guess most of them are complaining about the hot-feet.] "

It is not enough to continue to love some and eat others just because people have been doing it for a long time. We can be so much better than that. of all peace and joy in your relationship with your most significant "other". This is abusing USE of another in a most deceitful way to fill empty holes within self. Sex is the most useful tool of the physical DARK SIDE--look at Billy Zipper! If you can't make what you have, work, fine--move on but do not base that relationship on things of unworthy and unrealistic fantasies.

You come along and think sex is the most gratifying and "far out" way to feel "good about self". Yes, that is what I said, SELF. It is not. It may seem exhilarating in the activity and then it becomes the most debilitating one thing that you can experience. Sex CAN BE an expression of love--but IT RARELY IS. And then, if you produce a life from that union--it may very well mean MURDER of the child, and certainly of the MOTHER who must then live with bad choices and weak mindset. Sexuality is most often a PLOY of the dark intents of SELF in selfishness. Or, it is sometimes used to REPAY a kindness, like a movie or dinner. Remember the Protocols: destroy family values and family structure; pull down morality--and control is gained. A pregnancy, an abortion, a disease, or simply misuse of these things of LIFE, are the most destructive things you can teach your children or experience for self--for entrapment is the end feeling. The researcher also directly compared the US events of 1932-1933 with Holodomor, or Famine, in the USSR during 1932-1933. In the article, Borisov used the official data of the US Census Bureau. The United States lost over seven million people during the famine of 1932-1933. Having revised the number of the US population, birth and date rates, immigration and emigration, the researcher came to conclusion that "According to the US statistics, the US lost not less than 8 million 553 thousand people from 1931 to 1940. Afterwards, population growth indices change twice instantly exactly between 1930-1931: the indices drop and stay on the same level for ten years. There can no explanation to this phenomenon found in the extensive text of the report by the US Department of Commerce "Statistical Abstract of the United States," the author wrote... the US government tried to get rid of redundant foodstuffs, which vendors could not sell. Market rules were observed strictly: unsold goods should always be categorized as redundant and they could not be given away to the poor because it could cause damage to businesses. A variety of methods was used to destroy redundant food. They burnt crops, drowned them in the ocean or plowed 10 million hectares of harvesting fields. "About 6.5 million pigs were killed at that time," the researcher wrote. - Dmitry Lyskov (<http://english.pravda.ru/world/americas/19-05-2008/105255-famine-0/>)

Plants produce such enormous quantities of organic material from photosynthesis that they actually excrete 70 percent of it, unused, into the soil by their roots. This provides important nutrients for bacteria and other soil organisms. When bacteria metabolize this organic matter, they release electrons into the soil. The premise of the Plant-Microbial Fuel Cell is that electrodes placed close to the roots of plants can absorb these electrons and use them to generate electricity, much like a battery. Helder's tests indicate that the Plant-Microbial Fuel Cell can generate 0.4 W of electricity per square meter of vegetated area,

more than biomass fermentation is currently capable of. Through further refinement of the technique, Helder predicts that its power generating capacity could rise as high as 3.2 W per square meter. This level of power generation would enable the average household to be supplied entirely from the power generated by grass planted on a 100 square-meter roof. - David Gutierrez

Dec 1, 2012 - 4,250% Increase in Fetal Deaths Reported to VAERS After Flu Shot Given to Pregnant Women

Documentation received from the National Coalition of Organized Women (NCOW) states that between 2009 and 2010 the mercury-laden combined flu vaccinations have increased Vaccine Adverse Events Reporting Systems (VAERS) fetal death reports by 4,250 percent in pregnant women. Eileen Dannemann, NCOW's director, made abundantly clear that despite these figures being known to the Centers for Disease Control (CDC), the multiple-strain, inactivated flu vaccine containing mercury (Thimerosal) has once again been recommended to pregnant women as a safe vaccination this season. - Christina England

The key to the success of the Jews, the current heirs of Shem's evil nephew Canaan, is their ability to "NOT SPEAK THE TRUTH". Gilad Atzmon does this superbly, posing as a critic of Jews while subtly reinforcing the key memes needed for them to retain global dominance. At the same time he manages to laugh at the stupid goyim by titling his pseudo critical book about Jews: THE WANDERING WHO? What a great "IN" joke that is! Why? Because every wandering WHO (JEW) is actually a secret Canaanite! Ya gotta luv Atzmon's smartarse sense of humour!

Dec 1, 2012 - Aung San Suu Kyi Silent Over Rohingya Violence, but Decries Crackdown on Anti-Chinese Protest

Nobel laureate's double standards toe line of pro-Western "pivot" toward Asia and the recolonization of Myanmar...

Opposition leader Aung San Suu Kyi has demanded an apology for monks hurt in a violent police crackdown at a Chinese copper mine protest, after she held talks with the two sides. The "monks," of course, form the foundation of Suu Kyi's so-called "pro-democracy" movement, as well as the leading front carrying out genocidal violence against Myanmar's Rohingya population. Suu Kyi's recent demand for an apology stands in stark contrast to her habitual silence over the plight of the Rohingya. The common denominator behind this consistent hypocrisy is the targeting of Chinese interests across the country.

Dec 1, 2012 - Britons sought to hide Mau Mau deaths

Fresh documents have revealed how British authorities sought to cover-up the killings of 11 prisoners during the Mau Mau uprising, which took place in the 1950s in Kenya, local media reported. The full story of the British government's attempts to conceal a massacre of unarmed prisoners during the 1950s of the Mau Mau uprising in Kenya has been disclosed with the declassification of secret files that were held for 50 years inside a secret archive in the Foreign Office, British media reported.

According to reports, the documents show that British ministers and officials were claiming that the prisoners had died after "drinking too much water". This was long after the disclosure of the truth: that all 11 men had been beaten to death by prison warders, some suffering fractured skulls and jaws and several others dying from organ failure caused by shock. Foreign Office files, released by the National Archives, state that the prison camp was one of many, where suspected people of the opposition were detained by British colonial forces, often in poor conditions. The files also showed that a plan had been made by colonial authorities, which allowed prison staff to use physical force to make detainees work if they refused.- PRESS TV

Nov 30, 2012 - The Curious Case of the Georgia Guidestones and Ms. Carney

Ron: Talmudists are consummate liars. They say one thing and mean another - often its opposite. But they do it with flair due to thousands of years of practice. The problem today

is that *not* all Talmudists formally profess that ideology. So sometimes you cannot tell who they are unless you carefully analyse what they say AND what they do. Talmudists are Canaanites. Eustace Mullins has explained that Canaanites are heirs to the "Will of Canaan" bequeathed to his children by Canaan, Shem's wicked nephew. Eustace Mullins says the Will is only found in the Talmud: '*... where it is presented thusly, "Five things did Canaan charge his sons: love one another (ie members of your own tribe) , love robbery, love lewdness, hate your masters, and do not speak the truth."*' Pes. 113b. Eustace also says: *The Will of Canaan has been the Canaanites' prescription for all of their operations during the ensuing three thousand years since the testament was given. Today it remains the operating instructions of the Canaanite heirs, who presently control the World Order. At the same time, it remains unknown to the peoples whom the Canaanites continue to rob, enslave, and massacre.* (Eustace Mullins, Curse of Canaan. p16: <http://www.scribd.com/doc/43083011/Eustace-Mullins-The-Curse-of-Canaan>) The instruction to "hate your masters," that is, Shem and Japheth and their descendants, is now a command to commit genocide against the people of Shem. Why? Because, ironically the Chasers (Khazars) are descendants of Japheth who, after migrating to the land north of the Caucasus Mountains, adopted the Talmud as their ideological dogma. The implication is that anyone, including descendants of Shem can, by adopting Talmudism, become a Canaanite. Thus all subsequent Canaanite rites are based upon the exhortations in the Will of Canaan, to struggle and commit acts of violence against the people of Shem. It is not only the basis for all of the revolutions and "liberation movements" since that time, it is also a basic incitement to commit genocide and to carry on racial wars. Because of a three-thousand-year historical blackout, (engineered by Canaanites) the people of Shem have never understood their peril, and they have frequently been subject to massacre because their essential goodness made it impossible for them to believe the vileness of the Canaanites. The Will of Canaan has always been concealed from Shemites (Semites) because it is the basic program of conspiracy and secret rites which enable the Canaanites to wreak their hatred upon the descendants of Shem. The Shemites include the 10 lost tribes of Israel who left Palestine and migrated to Europe after their Persian captivity, ie centuries before the Levites forced Judahites to accept the Torah and the Talmud. Having this previously hidden history in mind, Ms Carney's somewhat contradictory public utterances may become a bit easier to decipher.

The number of Jewish settlers in the West Bank has almost doubled in the past 12 years, with more than 350,000 residing illegally under international law. [3] While Israel's Foreign Minister Avigdor Lieberman asserts Tel Aviv's unwillingness to permit Palestinians any right to return to their lands, emphasizing, "not even one refugee," apartheid enforced on ethnic and religious lines has become a ratified part of Israeli government policy. [4] Far-right political discourse that was once considered extremism is now the status quo in Israel. (Nile Bowie, Gaza and the Politics of "Greater Israel", November 17, 2012.) While the Jewish state is blamed for its repeated brutal attacks on Gaza, the crimes committed against the people of Gaza would not be possible if it weren't for the broad international support of Israel, mostly from the US, but also from other Western and Middle Eastern countries.

However, the Number of Hungarian Jews *claimed to have been sent to Auschwitz in May-October, 1944* (by Lucy Dawidowicz in her book *The War Against the Jews*, New York, 1975) was 450,000. And Raul Hilberg in *The Destruction of the European Jews*, New York, 1985 claimed that 180,000 Jews were sent to Auschwitz in that period. Neither of those authors substantiated their claim. Moreover, the Official German Record of all Prisoners in Auschwitz notes that the total number of Hungarian Jews *transferred from Auschwitz, May-October, 1944* was 21, 527 Thus the Total number of Hungarian Jews remaining in Auschwitz after October, 1944 was 1,590. Ron: Given that Brzezinski was almost certainly a Rothschilds agent and then a clone that passed its "use by" date and is presumably now a double, what does this mean? Have the Rothschilds lost their grip on Israel? Have they lost control of their current political puppets in Israel such that Netanyahu is no longer following orders and has to be thrown under the bus? Perhaps the controllers of Brzezinski and Obama KNOW that Iran's Keshe

Foundation technologies will make it military and political suicide for the US to be associated with an attack on Iran? We live in interesting times...

Ron: Why do Jews call themselves Zionists instead of Jews? Imagine what would happen to a Muslim Australian who attended "camps" in order to train to go to Gaza or the West Bank to fight for the Palestinians. Doya think he'd get laudatory positive primr time news coverage from the Australian Broadcasting Commission - Australia's government TV and media network as these Jews do? Or would he be accused of terrorism training, prosecuted and gaoled? Those who doubt that Jews constitute a Fifth Column in whatever country they live in need to explain why they find it acceptable for Jews to proclaim primary loyalty to a foreign country as these Jews do. If these young Jews aren't example of Talmudic mind control I don't know what is. Take this for example: *'It's a nice sense of connection to be with your own people... Are you Jewish first or are you Australian first type thing? And I guess for me I'm Jewish first.'* - Ben Milston

Nov 28, 2012 - [Walmart & 112 Dead Factory Workers](#)

Boycotting Walmart must be done in tandem with [a concerted local effort](#) to create citizen-networks, clubs, [hackerspaces](#), and [makerspaces](#) to pool resources together and begin replacing permanently, large multinationals like Walmart, not through mere protests or policy changes, but through local innovation and entrepreneurship. These local networks will produce small businesses and jobs, leveraging technology while giving local communities exactly what they want, and a direct hand in the manufacturing process, not merely a chance to "belly up" to the corporate-consumerist troughs filled daily at Walmart.

Developing this local infrastructure will not happen overnight, and it will not cause Walmart to shutter its doors tomorrow, or even this week. But technology is already negating the massive, centralized, scale of economy business models employed by Walmart and other mega-multinationals. And while a handful of friends and family getting together after work,

pooling their resources to leverage modern technology to create a workspace within which they can create, design, invent, and produce, may seem like a small drop in a very large bucket to fill, people pursuing this solution in parallel around the country, and around the world will quickly gain momentum collectively, creating local supply chains that directly benefit local people - in the United States and in Bangladesh - no disparity required.-

The Internet has been an even better training ground for expanding our conceptual frameworks, because it transmits information from multiple points that work like inner dimensions. The notion of cyberspace and virtual reality accustoms us to entire dimensions of

activity where space is collapsed and distances do not exist -- you are at most only one page away from where you want to be -- which is analogous to the nonphysical, no-space nature of the afterlife. Skeletal evidence of these humans and remnants of their structures were and to some extent still are, everywhere. Moreover, they were well known and even featured in newspapers until the Jew bankers bought the Reuters and AAP news services in the 19th century and started suppressing this information. Dunno about you but I'm fed up with the distorted and grossly truncated histories our Jew controllers have foisted upon us during my lifetime. Schooling and university "education" has been worse than a waste of time since before I was born. Wouldn't it be nice to live in a free global society in which every individual and community could live, love, work and seek truth in any way they choose provided that they do not infringe upon the rights of others?! To do that we are going to have to eliminate bankers, usury, corporations and centralised governments.

"In this New World Order the children of Israel will furnish all the leaders without encountering opposition. The Governments of the different peoples forming the world republic will fall without difficulty into the hands of the Jews. It will then be possible for the Jewish rulers to abolish private property and everywhere to make use of the resources of the state. Thus will the promise of the Talmud be fulfilled, in which is said that when the Messianic time is come, the Jews will have all the property of the whole world in their hands."

Nov 27, 2012 - The Jewish Declaration of War on Nazi Germany The Economic Boycott of 1933 - Repost

Ron: Please read this article folks. It tells you the truth about who started WWII and when.

- 'Few people know the facts about the singular event that helped spark what ultimately became known as World War II - the international Jewish declaration of war on Germany shortly after Adolf Hitler came to power and well before any official German government sanctions or reprisals against Jews were carried out. The March 24, 1933 issue of The Daily Express of London (shown above) described how Jewish leaders, in combination with powerful international Jewish financial interests, had launched a boycott of Germany for the express purpose of crippling her already precarious economy in the hope of bringing down the new Hitler regime. It was only then that Germany struck back in response. Thus, if truth be told, it was the worldwide Jewish leadership - not the Third Reich - that effectively fired the first shot in the Second World War. Prominent New York attorney Samuel Untermyer (above right) was one of the leading agitators in the war against Germany, describing the Jewish campaign as nothing less than a "holy war."' - M. Nov 25, 2012 - [Darkness of Western media over Gaza](#)

Over the period that most in the West believe there has been "peace," the Israeli Air Force has flown thousands of sorties over Gaza and their record of hitting targets they feel "justified" to go after is even worse than the American drone record. A good set of estimates, depending on definitions can go between 85% and 98% "collateral damage," based on definition. Eighty five percent of casualties have been women and children and the remainder could be classified as "militants," a combination of police, legally constituted militia, members of local and foreign press (needing silencing) and members of government that Israel opposes. A reminder for those unfamiliar with the democratic realities of Gaza and the West Bank, during the elections of January 25, 2006, Hamas won 74 of 132 seats on the Palestinian Legislative Council. This made Hamas the chosen and democratically elected government of what United Nations Security Council Resolution 242 of November 22, 1967 designated an independent state. There is a second more serious problem, the one-sided point of view as to what it means to invade and occupy, the definition of "apartheid" and, more specifically, when stealing land from rightful owners because they are of the wrong religion is allowed. This is technically a war crime by every imaginable definition.- Gordon Duff

If somewhere in the world this summer the high secret spokesman of the World Program is addressing his class of International Initiates, he will have to say "we have" in many places where the spokesman of 1896 said "we shall". "We will create a strongly centralized administration so as to grasp all the social forces strongly in our hands". That has been done. "We will adopt for ourselves the liberal side of all parties and all movements and provide orators". That has been done. "We will at the same time cause a rise in the price of prime necessities". That has been done. "We will also undermine the sources of production by instilling in the workmen ideas of anarchy". That has been done.

"To demonstrate our enslavement of the Gentile governments of Europe, we shall show our power to one by crimes of violence, that is, by a reign of terror".--Protocol 7. "

Much to the surprise of many, the team discovered that, contrary to industry rhetoric, Bt potato was responsible for causing severe health damage in test rats, a fact that was quickly relayed to the media out of concern for public hearing. But rather than be praised for their honest assessment into this genetically-tampered potato, Pusztai and his colleagues were chastised by industry-backed government authorities,

including British Prime Minister Tony Blair, whose office was discovered to have secretly contacted RRI just hours after Puztai and his team announced the results of their study on television. The insidious, merciless, life-long damage of war taught many of us to recognise the difference between the empty symbolism of war and the actual meaning. "Does it matter?" mocked the poet Siegfried Sassoon at the end of an earlier slaughter, in 1918, as he grieved his younger brother's death at Gallipoli. I grew up with that name, Gallipoli. The British assault on the Turkish Dardanelles was one of the essential crimes of imperial war, causing the death and wounding of 392,000 on all sides. The Australian and New Zealander losses were among the highest, proportionally; and 25 April, 1915 was declared not just a day of remembrance but the "birth of the Australian nation". This was based on the belief of Edwardian militarists that true men were made in war, an absurdity about to be celebrated yet again. - John Pilger

Nov 23, 2012 - [Puppet State America](#)

The United States government and its subject peoples think of the US as "the world's only superpower." But how is a country a superpower when its entire government and a majority of the subjects, especially those members of evangelical churches, grovel at the feet of the Israeli Prime Minister? How is a country a superpower when it lacks the power to determine its own foreign policy in the Middle East? Such a country is not a superpower. It is a puppet state.- Dr. Paul Craig Roberts

Tell us McAlpine why you and Thatcher did nothing to expose and remove known paedophile Morrison from the inner circle - that would do more to 'clear your name'. Tell us why you didn't sue *Scallywag* magazine over shocking North Wales paedophile allegations against you in the 1990s when sitting Prime Minister John Major, a man you know very well, sued them for simply printing rumours of an affair when it turned out later that he was actually *having* one. Explaining that - *credibly* - would do more to 'clear your name'. Tell us why the man who 'never told a lie' published a book explaining how to manipulate the media for your own ends - *'Spread false defeat to gain public sympathy; or false accusation and then arrange for it to be exposed as such - so the accuser will forever be treated with suspicion.'* Explaining that would do more to 'clear your name'.

So far McAlpine has been awarded £185,000 by the BBC for an interview that *did not name him* and he is reported to be seeking some £500,000 from ITV for an interview that *did not mention his name!* - David Icke

Ron: This author is correct in his assessment of what Jews have done and the absolute danger they present to humanity. However, he is misguided in assuming that humanity must destroy them to save itself. In seeking to slaughter Jews humanity would become indistinguishable from them and that outcome would destroy humanity anyway. Moreover there is no need to fight Jewry at this late stage. The Creator has decreed that ALL negative energies will be removed from this planet very soon and in any event that is a

natural consequence of the magnetic pole reversal which is overdue and about to occur. Arguably many Jews are not demonic but simply ignorant, venal and mind controlled just like most of humanity. ALL must be given a chance to "see the light" which is now flooding into the planet. To seek to do violence to Jews or anyone is to consign oneself to a continuation of a 3d existence somewhere else after the coming magnetic pole reversal. Focus on love and peace and rejoice in the knowledge that humanity and the planet will be free and truly self responsible once the Sun rises in the West. So be it.

" I must keep mentioning these two things over and over for if you are a recent reader you may miss the punch-line. There are a LOT of new readers among Arabs, Islamic and other religions outside any "White" populations, but THEY, TOO, ARE GENTILES. The Jew has only two categories of people: JEW and GENTILE(S). No matter what your color, your creed, your nationality, your race, your origin; YOU ARE GENTILE if you are not JEW--PERIOD. No slack is cut for any of you--but a "Jew" can be from any of these categories above. How nice to set your own rules and definitions for a world you plan to RULE and ENSLAVE. "

Nov 22, 2012 - Exactly What Does The "Free" In Free Market Mean?

The Libor was rigged, the wholesale gas market is a fix, the biggest of multinationals pay next to no tax on their profits but bleat that they pay payroll on their minimum wage workers, insisting that this is both responsible and, probably, humble. Several UK water companies spend a great deal of money to ensure that supplying life's essential is the only socially responsible thing they do. Having bought the infrastructure built by our forefathers for pennies in the pound, and then left it leaking like a Government enquiry, they presumably justify their position by pointing out that they have enough crap coming down their pipes to deal with already. So be grateful, pleb. **So why are they called free markets? In what world can monolithic corporate monsters dominate everyday life, to the absolute exclusion of any meaningful competition, and still be called free?** - Henry Harding

Nov 22, 2012 - Malaysia: Victim of America's "Irregular Warfare" Ops?

"TC 18-01 SPECIAL FORCES UNCONVENTIONAL WARFARE"...

(a leaked copy has been made available and can be viewed by clicking here). [1] The document is significant because it provides a step-by-step definition of Washington's "irregular warfare" and unconventional warfare tactics. The manual illustrates the sheer impunity with which the United States conducts its foreign policy, aimed at illegally interfering into the political affairs of foreign nations with an aim to destabilize and reorder them to further American economic interests; Dr. Christof Lehmann describes the manual as:

"...a step by step guide of how to create, manipulate, co-opt and make use of a countries population, persons of special interest inside the country as well as expatriates, organizations inside as well as outside the country, towards a subversion. Beginning with manipulating dissent into demonstrations, the polarization of a population, riots and armed insurgencies that require action by security forces, and psychological warfare by means of media, step by step, in logical sequence, towards a full scale war, based on humanitarian principles and the pretext of bringing democracy and freedom." [2]

The targets of the above mentioned irregular warfare operations are those states that have been unwilling to align themselves with American diplomatic and economic interests or semi-compliant states that are strategically located and abundant in natural resources. The manual describes meticulously orchestrated covert operations that are conducted in phases;

beginning with psychologically influencing the target population through foreign-funded dissident news media organizations. Subsequently, targeted nations are infiltrated to provide training and equipment to dissident groups, until a political transition is forcibly imposed by force if necessary. - Nile Bowie

Ron: These police officers had NO right to cross examine this woman. At most they might be excused for checking to see that she was not ill or in need of any assistance. They had no lawful right to demand that she exit her vehicle and their demand (with menaces) to search her personal belongings was a criminal act as was their attempt to prevent her getting back into her vehicle. Taserling her three times constituted aggravated assault and battery. Had she died, they ought to have been charged with murder like any other robber would have been in similar circumstances. Moreover, they should be held personally liable for damages as a result of their actions. UNTIL citizens begin to understand these things and start to hold individual police and their superiors accountable for their actions, no improvement in our world is possible. Police and ALL government officials and bureaucrats are TRUSTEES responsible for performance of administrative functions that are or should be specified (and limited) BY those who appoint them, NOT functions that those appointed TRUSTEES decide or legislate themselves, irrespective of what the beneficiaries of their trust activities require of them.

Nov 22, 2012 - 29 Signs That The Elite Are Transforming Society Into A Total Domination Control Grid

Ron: Freedom means total self responsibility. Governments are fictional figments of the human imagination conjured into existence AS fictive corporate legal entities that have PRIVATE SHAREHOLDERS not disclosed to so-called electors, ie those appointing the fiduciary trustees (legislative representatives) who operate governments ostensibly for the beneficiaries who appoint them but who usually run governments for the owners of the government corporations. Humanity will not be free until a critical mass of people understand their true human identity and power, start living in their heart space, and as beneficiaries of the TRUSTS that constitute governments, demand that government representatives and officials ACT in accordance with their fiduciary trustee obligations in relation to ALL the citizens who have appointed them to act as trustees. Understanding THAT, is the self education task facing humanity if it wants to survive.

Nov 22, 2012 - Black Friday Madness: Tent Cities Set Up to Buy Consumer Crap

The real strength of any nation lies in cooperating with one another in mutually beneficial ways. This survival of the individual, and a framework wherein they can thrive at the highest levels, demands that individuals uplift and empower other individuals to attain their fullest capabilities. This is not a progressive, socialist, or New Age notion; when you help your neighbor, you help yourself.

Any time you can lend your skills to strengthen those of another within your community, you have just increased the likelihood that your community will weather literal and figurative storms. Conversely, when you ignore your struggling fellow citizen -- by forming a retail tent city instead of visiting a real one, for example -- you pave the way for your own possible destitution. - John Galt

PRINCESS DI

While speaking of murders, let us consider--AGAIN--the murder of Dodi and Di.

Just some questions to remind you there ARE things you haven't thought about and probably neither has Daddy al Fayed. Why was Mr. Jones the ONLY one in the car with a seat belt on? WHO DROPPED THE "MICKEY" IN MR. PAUL'S DRINK? If you can't believe this then where are you on the topic of Date Rape and Ruffles? Come on people, you-the-people are not THAT asleep. Why has Mr. Jones joined the "adversaries" to sue Mohammed? And why does Mr. Jones have bodyguards and keep as far removed and retired as is possible? Conspiracy? It is so obvious how and who that I marvel at your sleepy observations of chanting the Rose of London without doing anything about the killers of that ROSE. Di was going to marry Dodi and BECOME A MOSLEM! Can you imagine what that would do to the CROWN OF ENGLAND? Does anyone remember that Royal Church of England where even the priests wear the coat of arms of the Windsors? And, while YOU mourn and play with Billy's zipper--the culprits GET AWAY WITH THE CRIME.

Now, I've done it: I've ruined your day? Why didn't I just keep talking about the Jews and let the guilty get away? Because I am weary of God's people being unconscious.

We choose our future step by step - OUR PEACE AND OUR WAR - like painting a picture, deciding what we wish to create, what we wish to show, which aggression or vision we illustrate. We decide what tools to use, what scenes to depict, what to leave out, what colours to convey what emotions, what to emphasize, what to gloss over, what to hide and what to highlight. What is clear is that we start with a blank white canvas and take it from there ... the greatest secret is that we are powerful, sovereign and divine creators.

The Western-dominated United Nations and its puppet general secretary Ban Ki-Moon - also refusing to condemn Israel or to even visit the suffering victims of Gaza - is an organization that is clearly way past its expiry date. This institution under Western control is a disgrace to the vision of a democratic, mutual world. Its inability to reflect the majority concerns of the world - from the recent overwhelming call by members to put an end to the illegal US six-decade trade embargo on Cuba, to the latest genocide in Gaza - demonstrates beyond any doubt that this world body in its present form must be abolished and replaced with a forum more closely resembling the Non-Aligned Movement. The holocaust in Gaza also exposes the moral cowardice and bankruptcy of Western mainstream media. These institutions through their sanitizing banalities and affectations of balance are complicit in covering up crimes against humanity, and by doing so prolonging the genocide committed by Western governments and their Israeli war machine. - Finian Cunningham
