Students may use the Wait List feature when a class is currently closed. However, not all classes offer a Wait List feature.

Students on the Wait List will be assigned a number and will be auto-enrolled based on their assigned number when a seat becomes available.

The system will check if the student has completed all the necessary requirements such as:

- Pre and Co-Requisites
- Department Consent
- No time conflicts
- No negative indicators
- Student is not enrolled in the maximum number of units
- Wait List is not full and seats are still available

Once a student is auto-enrolled, a communication is sent to the student's Lehman Email account.

To place yourself on the wait list for a course, use the following navigation:

1. Look for the desired section that has the **Yellow Triangle (▲)** on the right hand side of the section and click on **'Select'**

2. To add yourself to the Wait List, ensure the **"Wait List if class is full"** option is selected at the time of swapping and select **'Next'**. The course has been added to your Shopping Cart.

3. To officially place yourself on the wait list, click on the **'Enroll'** Tab listed on the top of the page. Select the appropriate term and click on **'Continue'**
