THE SMELL OF FRESH RAIN

THE UNEXPECTED PLEASURES OF
OUR MOST ELUSIVE SENSE

Acc. No : 35583

Call No : 152.166 SHA-B

Smell is the most emotional and evocative of our senses: it can bring back memories faster and with more immediacy than a photograph - so why is it so little understood? Armed with a hungry curiosity and a willingness to self-experiment...

Call No : 172.1 SUN-C

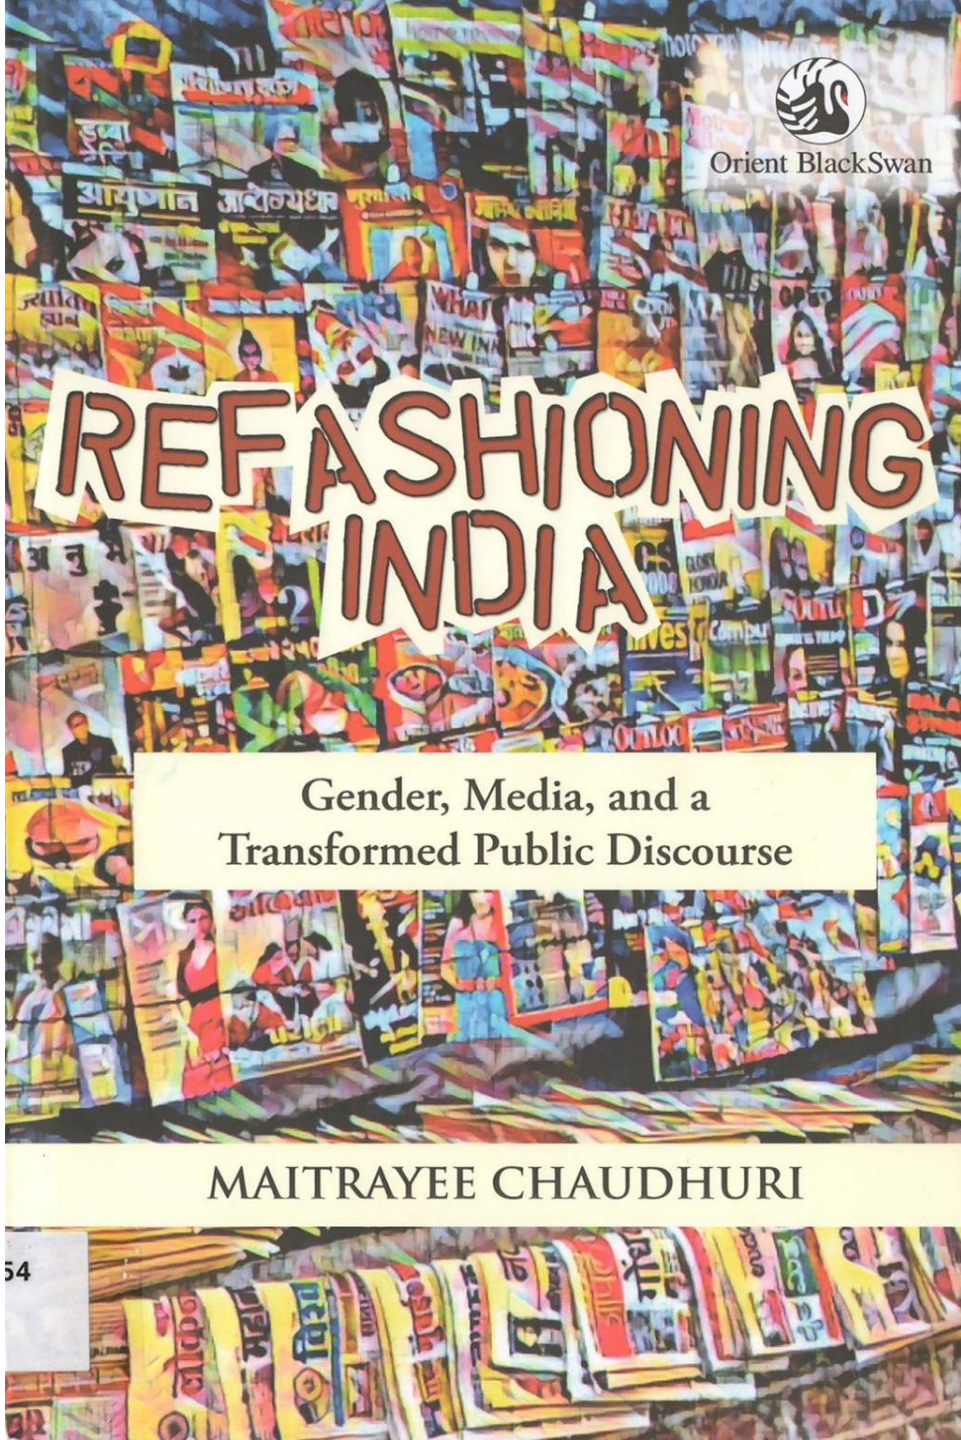

In recent years, 'nudge units' or 'behavioral insights teams' have been created in the United States, the United Kingdom, Germany, and other nations. All over the world, public officials are using the behavioral sciences to protect the environment, promote employment and economic growth, reduce poverty, and increase national security. In this book...

The book cover features a black and white photograph of a man in a suit and hat, seen from behind, reaching up to touch a giant foot descending from the sky. The background is a cloudy sky. The title 'THE ETHICS of INFLUENCE' is written in large, bold, red capital letters. Below the title, the subtitle 'Government in the Age of Behavioral Science' is written in smaller, grey capital letters. At the bottom, the author's name 'CASS R. SUNSTEIN' is written in large, bold, yellow capital letters.

In 1991, the Indian state's new economic policies led to a greater role of the market. A public discourse that had till then been defined by self-reliance, equity and austerity had to be refashioned. The Indian middle class learnt that 'thrift' was not a virtue and 'shopping was legitimate pleasure'...

Acc. No : 35513

Call No : 371.4 DES-C

Who determines your success? Choose: Suma Aunty, that nosy relative whom you meet in family functions a) Ravi, your Facebook friend whose posts are all about his 'great' life b) You... Success of course means different things for different people, but wanting success is universal. Many of us make the mistake of being flabbergasted by the achievements of those who have gone before us...

DANCING WITH THE NATION

Courtesans in Bombay Cinema

RUTH VANITA

Acc. No : 37214

Call No : 384.8095 VAN-R

Acknowledging courtesans or tawaifs as central to popular Hindi cinema, *Dancing with the Nation* is the first book to show how the figure of the courtesan shapes the Indian erotic, political and religious imagination. Historically, courtesans existed outside the conventional patriarchal family and carved a special place for themselves with their independent spirit...

Commutative Algebra

Second Edition

N S Gopala Krishnan

Universities Press

Acc. No : 36602

Call No : 512.815 KRI-N

This textbook on commutative algebra presents basic results necessary for elementary algebraic geometry and introduces basic homological algebra and homological methods in commutative algebra. Its lecture-notes style will help readers with some mathematical maturity to study it on their own. Motivations are given at a number of places, examples follow every definition, and exercises are given at the end of each section...

Axiomatic Geometry

John M Lee

American Mathematical Society

Acc. No : 36590

Call No : 516 LEE-J

The story of geometry is the story of mathematics itself: Euclidean geometry was the first branch of mathematics to be systematically studied and placed on a firm logical foundation, and it is the prototype for the axiomatic method that lies at the foundation of modern mathematics. It has been taught to students for more than two millennia as a model of logical thought...

Engineering Physics

SECOND EDITION

Universities Press

SANJAY D JAIN
GIRISH G SAHASRABUDHE

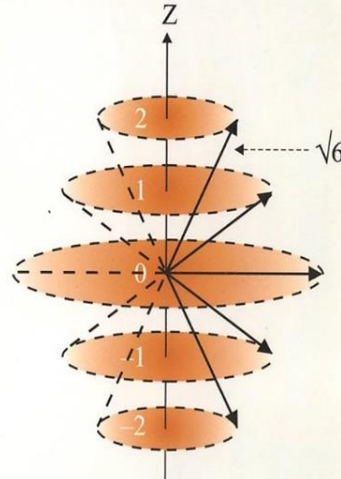

Acc. No : 36620

Call No : 530 JAI-S

Engineering Physics has been conceived to develop a coherent, comprehensive and practical view of physics among engineering students. This will help them to develop fundamental ways of thinking and inventing in their future engineering practice. The book attempts to break the monotony of just stating theoretical concepts through the following 5 special features: The historical development of the subject is traced to show interesting links between the various topics...

Group Theory in Chemistry

Bonding and Molecular Spectroscopy

Universities Press

Acc. No : 36632

Call No : 541.2 MUK-A

Group theory is an important part of the M Sc chemistry curriculum of almost all universities. A proper understanding of chemical bonding and molecular spectroscopy remains incomplete without at least a preliminary knowledge of molecular symmetry aspects. This is obtained from the representation theory of groups which is explained in this text. Students with a basic knowledge of elementary quantum chemistry and mathematics will be able to benefit immensely from the book...
