**GS1 US University**

# Getting Started with GS1 US

An Introduction to Product Identification

---

Kristin Halle, Marketing Manager, GS1 US  
Anoop Kaistha, Training Manager, GS1 US

# Just a Few Items

---

- Phones are in listen only mode
- Please type questions in the “Questions” panel
- This session is also available for playback in the GS1 US Learning Management System (LMS)
  - Visit <http://gs1us.xceleratemedia.com/login/> to create a complimentary account
- A link to the presentation material can be found in the reminder email and here - [www.gs1us.org/getstartedwebinar](http://www.gs1us.org/getstartedwebinar)

# Antitrust Caution

---

**GS1 US is committed to complying fully with antitrust laws.**

We ask everyone to refrain from discussions in areas of antitrust such as pricing, deal-making, selling, promoting, or other activities which could be viewed as anti-competitive.

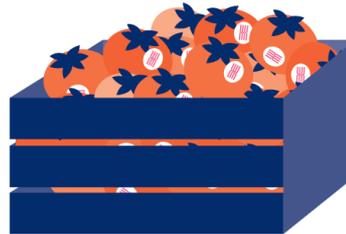

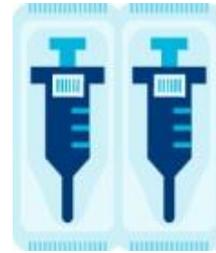

If anyone believes the discussion is approaching these boundaries, please inform a GS1 US representative.

Please remember to make your own business decisions and that all GS1 Standards are voluntary and not mandatory.

Please review the complete GS1 US antitrust policy at:  
<http://www.gs1us.org/gs1-us-antitrust-compliance-policy>

THE GLOBAL LANGUAGE OF BUSINESS

# 110+ Member Organizations Serving Business Around the World

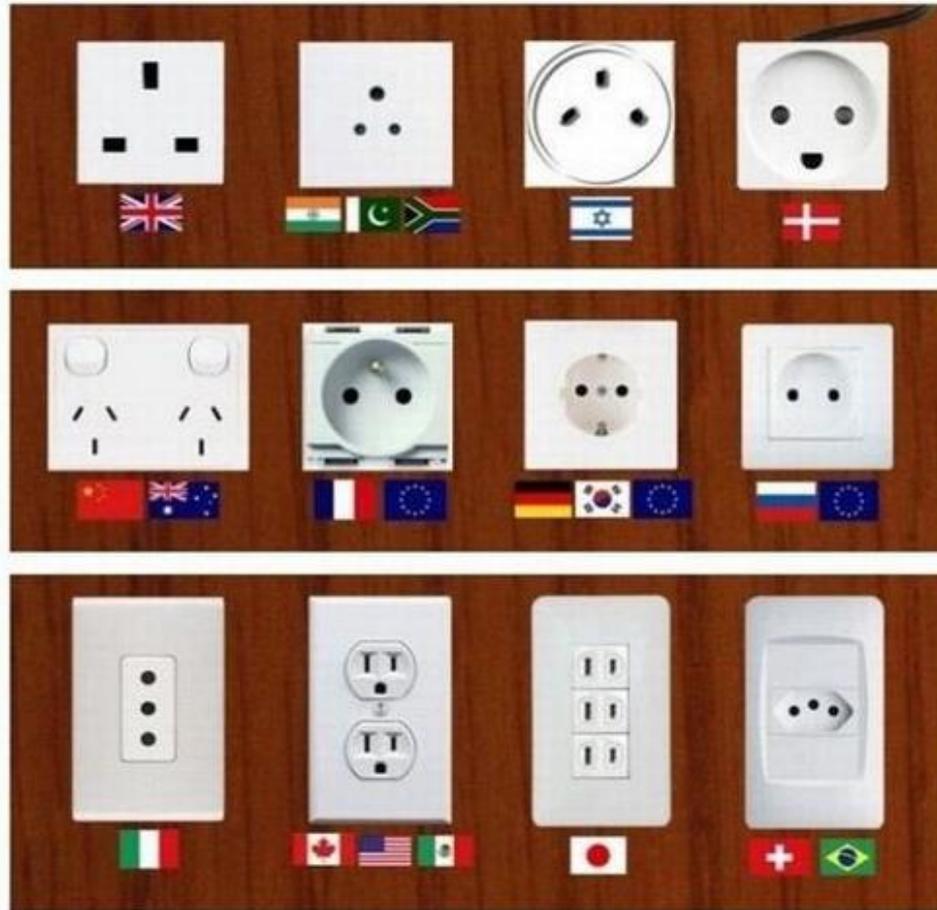

2 million + companies world wide use GS1 Standards

6 billion barcodes scanned daily

40+ years - GS1 US pioneer of UPC-barcode

# When There is no Global Standard....

# The Global Language of Business

---

## GS1 Standards

### Identify

#### GS1 Identification Numbers

Companies, Products, Locations, Logistics, Assets, and Services

### Capture

#### GS1 Data Carriers

Barcodes and EPC-enabled RFID

### Share

#### GS1 Data Exchange

Master Data, Transactional Data, and Physical Event Data

# GS1 US Membership

---

GS1 US is a user-driven membership organization that came together more than 40 years ago with the introduction of the U.P.C. barcode. You become a member when...

- **License a GS1 Company Prefix** as the first step in creating standardized product identification numbers and U.P.C. barcodes.
- **Join a GS1 US Industry Initiative** to help develop solutions to industry challenges through the use of GS1 Standards.
- **Become a GS1 US Solution Partner** to join a select group of companies that, as GS1 Standards Professionals, can help industry implement GS1 Standards.

# Member Benefits

---

- **Get Started Roadmap**
- **Get Started Webinars**
- **Webinars and Industry Calls**
- **Learning Management System**
- **Reference Library**
- **E Commerce Documents**
  - **All versions of EDI**
  - **EANCOM**
  - **Link to GS1 XML message standards and schema**
- **Call Center Support**
- **Industry Pages**
- **Resource links and Case Studies**
- **Industry Calls**
- **GS1 US Data Hub<sup>®</sup>**

Accessible through myGS1 US, Industry Pages, and Industry Collateral

Classroom, On-line and Self-Help

# Your Licensed GS1 Company Prefix

# Understanding the Company Prefix

---

If your U.P.C. Company Prefix is...	You can create this many U.P.C. Barcodes...
6-digits	100,000
7-digits	10,000
8-digits	1,000
9-digits	100
10-digits	10

# Sample Company Prefix Certificate

THE GLOBAL LANGUAGE OF BUSINESS  
**GS1 COMPANY PREFIX  
CERTIFICATE**

LICENSED TO  
**COMPANY NAME**  
"LICENSEE"

.....

**GS1 Company Prefix: 0614141**  
For use in creating GS1 Identification Numbers

Global Trade Item Number (GTIN)	Global Individual Asset Identifier (GIAI)
Serial Shipping Container Code (SSCC)	Global Returnable Asset Identifier (GRAI)
Global Location Number (GLN)	Global Identification Number for Consignment (GINC)
Global Document Type Identifier (GDTI)	Global Shipment Identification Number (GSIN)
Global Service Relation Number (GSRN)	

**U.P.C. Company Prefix: 614141**  
For use when creating U.P.C. barcodes

**Legal Entity GLN: 0614141000005**

To continue the use of this prefix, your license  
must be renewed on or before: **XX/XX/XXXX**

  
BOB CARPENTER, PRESIDENT, GS1 US

Account Number: **XXXXXXXXXX**

The GS1 Company Prefix and the corresponding U.P.C. Company Prefix ("The Prefixes") are licensed for the sole and exclusive use of the licensee and are restricted to the member to whom they are licensed. Only one company may use the Prefixes. Any other use of the Prefixes is prohibited, including but not limited to renting, leasing or subdividing all or a portion of the Prefixes. Upon the sale of a company, division, or product line, Licensee shall forward a letter signed by both parties to the transaction or a copy of the legal agreement to evidence that the Prefixes were part of such sale before GS1 US may, in its sole discretion, change its official registration for any Prefixes involved in the sale.

# Overview of GTIN (Global Trade Item Number)

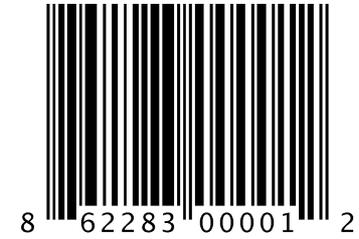

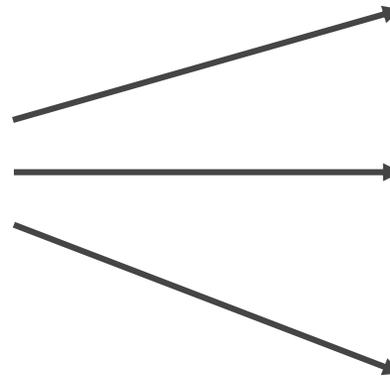

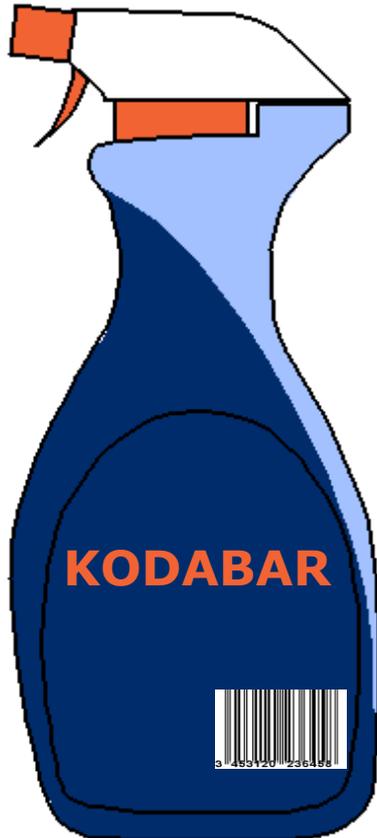

# What is a Trade Item?

---

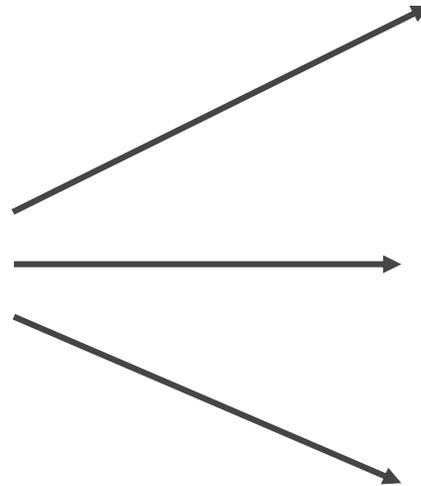

Any item (product or service) upon which there is a need to retrieve pre-defined information and that may be priced, ordered, or invoiced at any point in any supply chain.

# 1 Product = 1 GTIN

# 1 GTIN = 1 Product

# Building your Product Identification GTIN-12 in a UPC-A Barcode

# GTIN-12 in UPC-A Barcode

# Point of Clarification

---

← ..... **Data Carrier (UPC-A Barcode)**

← ..... **Data Structure (GTIN-12)**

# GTIN-12 Structure

---

## Step 1

**U.P.C. Company Prefix** licensed by GS1 US is the first and constant element

A unique number licensed to a company by GS1 US  
Variable from 6 to 10 digits

## Step 2

**Item Reference** is assigned by you to each specific product

Variable from 1 to 5 digits, depending upon the length of your Company Prefix

## Step 3

**Check Digit** is always the last digit of GTIN®

Calculated from all the other numbers and guarantees your GTIN has been accurately created

# Step 1: The U.P.C. Company Prefix

- Licensed to a company by GS1 US
- Vary in Length (6 – 10 digits)

Company A

Company B

# Step 2: Item Reference

- The Item Reference is variable from 1 to 5 digits, depending upon the length of your Company Prefix
- Sequentially assigned number to each of your specific product

Company A

Company B

# Step 3: Calculate the Check Digit

- Always the last number of your GTIN-12
- Modulo 10 calculation that ensures the integrity of your GTIN-12

Company A

Company B

# Step 3: Calculate the Check Digit

U.P.C.  
Company  
Prefix

Item  
Reference

**Check  
Digit**

## Check Digit Calculator

The last digit of a barcode number is a calculated check digit. The check digit is calculated from all the other numbers in the barcode and helps to confirm the integrity of your barcode number.

Simply enter the ID Number below and the Check Digit Calculator will calculate the last digit for you. [Download and view these PDF instructions about the ID number and how to use the Check Digit Calculator.](#)

If you prefer to calculate the check digit on your own, [download and read these PDF instructions \(300 KB\).](#)

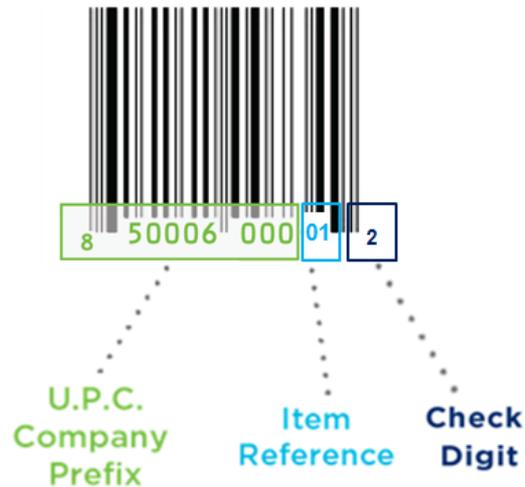

Or, for all your barcode needs, use our online barcode creation tool, [GS1 US Data Hub\\* | Product](#). It calculates the check digit automatically.

	ID Number	Check Digit		
GTIN-12	<input type="text"/>	<input type="text"/>	<input type="button" value="Calculate"/>	<input type="button" value="Clear"/>

<http://gs1us.org/checkdigit>

# Capacity = How Many U.P.C. Barcodes

If your U.P.C. Company Prefix is...	You can create this many U.P.C. Barcodes...	Your Item Reference is...	Your Item Reference Numbering is...
6-digits	100,000	5-digits	00000 - 99999
7-digits	10,000	4-digits	0000 - 9999
8-digits	1,000	3-digits	000 - 999
9-digits	100	2-digits	00 - 99
10-digits	10	1- digit	0 - 9

# Unique Device Identification (UDI)

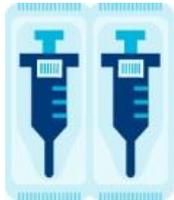

# What is a UDI?

---

- Code on the device label, packaging or product, in both easily readable plain-text and automatic identification and data capture (AIDC) format
- **Two parts : UDI = DI+PI**
  - **Device Identifier (DI)** (static) – specific to a device version or device model
  - **Production Identifier(s) (PI)** (dynamic) – one or more currently used control/production information, such as lot/batch, serial number, manufacturing date, expiration date

UDI = Unique Device Identification

# UDI Compliant Barcode Examples

(01) 1 0030404 01234 4  
(10) B9874C

(01) 2 0030404 01234 1  
(10) EQ4592M

# Basic GTIN Assignment

# Assigning Unique Numbers - Colors

---

6	1	4	1	4	1	0	0	0	0	1	2
---	---	---	---	---	---	---	---	---	---	---	---

6	1	4	1	4	1	0	0	0	0	2	9
---	---	---	---	---	---	---	---	---	---	---	---

# Assigning Unique Numbers - Size

---

Medium

Large

# Assigning Unique Numbers - Variation

6	1	4	1	4	1	0	0	0	0	5	0
---	---	---	---	---	---	---	---	---	---	---	---

6	1	4	1	4	1	0	0	0	0	6	7
---	---	---	---	---	---	---	---	---	---	---	---

6	1	4	1	4	1	0	0	0	0	7	4
---	---	---	---	---	---	---	---	---	---	---	---

# In Summary

---

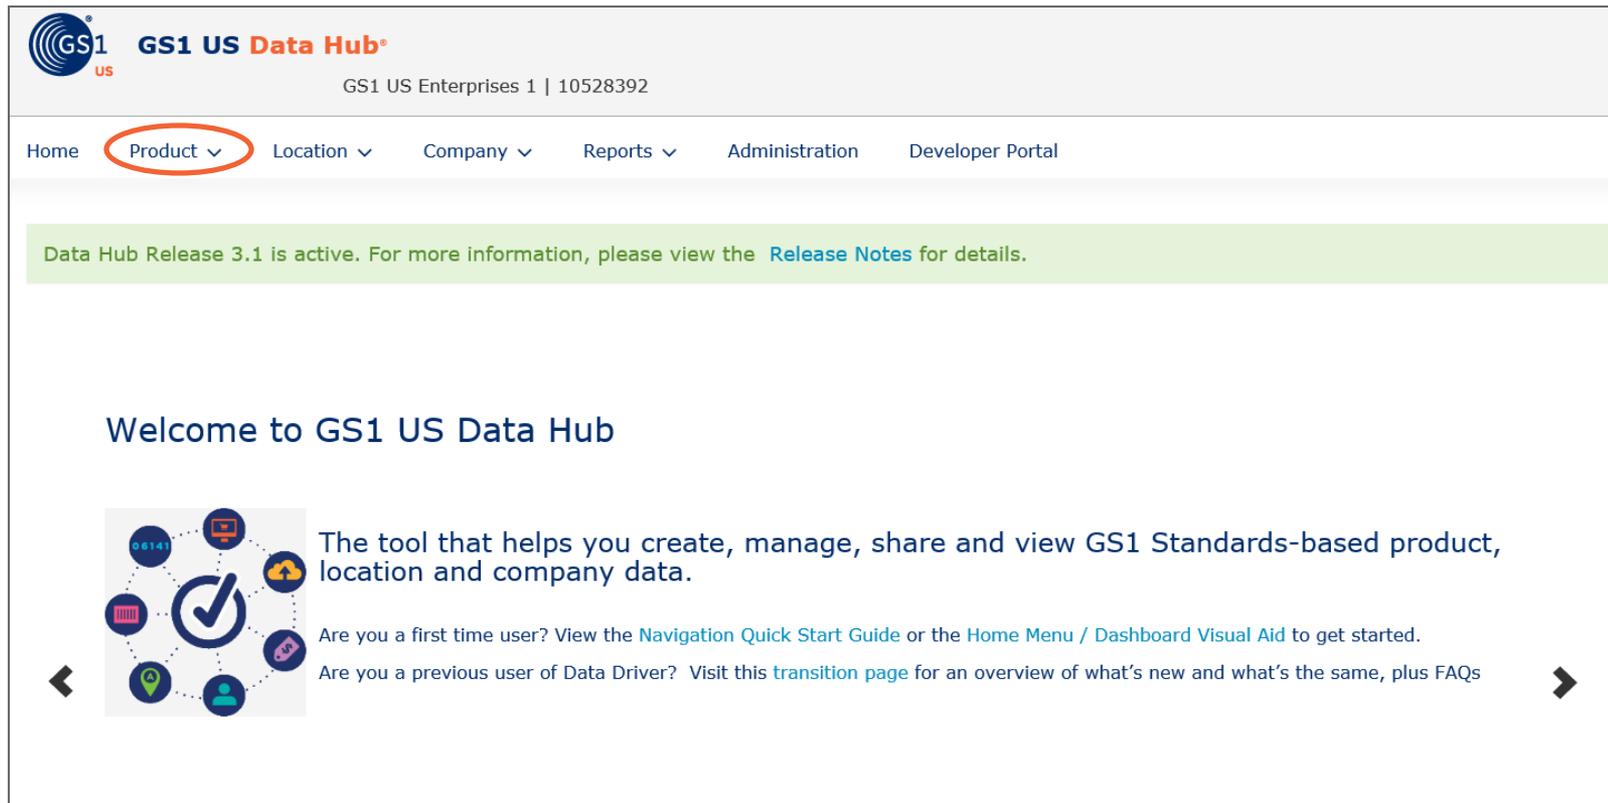

- U.P.C. Company Prefix – 6-10 digits
- Item Reference – 1-5 digits
- Check Digit – last digit
- GTIN structure – 12 digits for a UPC-A
- Each color, size, and package variation requires a unique GTIN-12

# GS1 US Data Hub | Product

How to Access and Where to Find Help Resources

# GS1 US Data Hub | Product

<https://dh.gs1us.org/>

The screenshot shows the GS1 US Data Hub website. At the top left is the GS1 US logo. To its right is the text "GS1 US Data Hub®" and "GS1 US Enterprises 1 | 10528392". Below this is a navigation menu with items: Home, Product (circled in red), Location, Company, Reports, Administration, and Developer Portal. A green banner below the menu contains the text: "Data Hub Release 3.1 is active. For more information, please view the [Release Notes](#) for details." The main content area features the heading "Welcome to GS1 US Data Hub" and a central graphic of a network of icons. To the right of the graphic is the text: "The tool that helps you create, manage, share and view GS1 Standards-based product, location and company data." Below this are two lines of text: "Are you a first time user? View the [Navigation Quick Start Guide](#) or the [Home Menu / Dashboard Visual Aid](#) to get started." and "Are you a previous user of Data Driver? Visit this [transition page](#) for an overview of what's new and what's the same, plus FAQs".

# Help Resources

The screenshot shows the 'Create Product' page in the GS1 US Data Hub. The page has a navigation bar with 'Home', 'Product', 'Location', 'Company', 'Reports', 'Administration', and 'Developer Portal'. The 'Product' menu is expanded. The main content area is titled 'Create Product' and includes a 'Product Detail' tab. The form is divided into several sections: 'Product Description' (Required), 'Brand Name' (Required), 'SKU' (Optional), 'Product Industry' (General), 'Packaging Level' (Each), 'GTIN' (Required to Change Status), and 'GTIN-12 (U.P.C.)' (N/A). There are checkboxes for 'Is this item variable measure?' and 'Can this item be purchased by the consumer?'. A 'HINT' is provided: 'Click the Save button to enable GTIN Assignment.' A 'Product Detail Overview' tooltip is open, containing the following text: 'The "Product Detail" tab can be used to create a new product and manage an existing one. See below for packaging levels created on this page. For help creating them, click the link below to open a training document.' Below this text is a list of packaging levels: 'Each (UPC-A barcode)', 'Inner Pack or Case/Pallet', 'Mixed Case', 'Display Shipper', 'Variable Measure/Case as Each', and 'Others'. At the bottom of the tooltip, there is a link to 'Watch a short video' and a link to 'longer video'. The page footer includes the GS1 US logo, 'The Global Language of Business', '© 2017 GS1 US All Rights Reserved', and the page number '39'.

# GS1 US University

## GS1 US University

### Take your GS1 Standards knowledge to a new level

Businesses seek flexible, convenient, and focused educational opportunities to address their unique learning objectives. To meet this need is the mission of the GS1 US University. GS1 US University is the place to learn more about the use, adoption, and implementation of GS1 Standards. Through certificate courses, workshops, and both live and on-demand educational webinars, GS1 US University can help you understand how to use GS1 Standards to help innovate, operate more efficiently, and build capabilities that drive your business.

Learn how to move your business forward with GS1 Standards and GS1 US University.

#### GS1 US Certificate Courses and Classroom Events

Become the GS1 Standards expert for your organization by participating in one of our interactive, instructor-led classroom events. Attend a certificate course and learn how to identify products, improve business processes, and reduce costs using GS1 Standards or attend a workshop around Medical Devices Identification (UDI), Data Quality, Supply Chain Visibility, and more.

[View upcoming classroom events >](#)

#### Live Educational Webinars

Learn from GS1 Standards experts about topics including the GS1 Company Prefix, identifying your products with GTINs, barcoding your products, sharing data using the GDSN, and more. By attending, you'll have the opportunity to ask the webinar leaders topic-specific questions related to your business.

[View all webinars >](#)

#### Online Training Courses

Want to learn about GS1 Standards at your own pace any time of day or night? Access our library of educational videos and interactive modules through our Learning Management System and set up your own learning paths.

[Learn More >](#)

### GS1 US Badge Program - Your GS1 Standards Credentials

When you successfully complete a GS1 US certificate course, you can earn an important credential in the use of GS1 Standards—and now you can add this new skill to your online resume with a GS1 US Badge and share it via social media.

To learn more about our new badging program, [click here](#).

# Upcoming Educational Offerings

<https://www.gs1us.org/education-training/events>

The screenshot shows the GS1 US website's 'Education & Training' page. At the top left is the GS1 US logo and the text 'Welcome to GS1 US The Global Language of Business'. To the right is a search bar and a 'Go to myGS1 US Login' button. Below the header is a navigation menu with items: Home, U.P.C.s, Barcodes, & Prefixes, Industries, Tools, Education & Training (highlighted), What We Do, and Conference. Below the navigation is a breadcrumb trail: Home > Education & Training > Events. On the right side of the breadcrumb trail is a 'Share' button. The main content area is divided into two columns. The left column is titled 'Filter' and contains an 'Industry' section with four checkboxes: Apparel and General Merchandise, Retail Grocery, Foodservice, and Healthcare. The right column is titled 'Events' and contains a search bar with the placeholder text 'Search by keyword. Use filters on the left to tailor results'. Below the search bar is a note: 'To clear search: select words in box then use Backspace or Delete to remove. Hit Enter to refresh results.' Below the search bar is the text 'Results (52 items)' and a 'Sort By:' dropdown menu set to 'Upcoming'.
