Part 1

Why do you think so many people were fooled by Nathan's video? Why did they think it was real?

Part 2

Video 1 Responses

1. Why would someone create a deep fake video?

2. What are the possible consequences of deep fakes?

Video 2 Responses

1. What does John Green mean “information does not just appear” on the Internet? (1:19)

2. What is the *first* question John says we must ask ourselves about things we see online?

3. Why is reading a website *vertically* not a great way to determine reliable information?

4. What is *lateral reading*, and why is it more effective than vertical reading to determine reliable information?

5. Where should you go when you read laterally?
