

A QR adventure for the whole family!

10/26-11/1

Hello Neighbor, I am excited to help bring the Halloween Hunt right here to: _____

Kids, teens, and adults will have a *BOO-last* getting out into the fresh fall air to hunt for spiders with this new and interactive Halloween QR Hunt! Dress up in costumes while you hunt to make it extra *HAUNTINGLY* fun!

Here is how it works!

1. The week of October 26-November 1 look for bright colorful spiders on signs like this! Here is a clue to finding the 1st spider:

2. Each spider will have a special QR code. Use your smartphone to scan each spider's QR code and it will lead to a unique web page with a fun and easy challenge or activity for both kids and adults to enjoy, while you laugh, sing and share together along the way. Each one will also feature a special offer from a local downtown Bothell business.

3. Find all 7 spiders, finish the challenges by November 1, and be entered to win awesome PRIZES!

Go hunting anytime between October 26-November 1 so grab your smartphone and your magic wand or witch's broom and come hunt for spiders this Halloween!
