Highly functional, with countless smart details and a unique color – the new Shark Blue – it really pushes the boundaries. And proves that peak performance is possible without even starting the engine.

#Porsche Collection

Courage to stand out from the crowd? Always comes from within. The new #Porsche Collection confirms this. It brings the flair of the 70s and 80s back to the road, and is dedicated to very special cult sports cars: the transaxle models.

GT4 Clubsport Collection

The new 718 Cayman GT4 Clubsport is built for people seeking a piece of self-defined freedom. For people who've had enough of etiquette, conventions and conformation. This is for people seeking a challenge as much in their everyday life as at track days, in both sprint races and long distance.

Everything about the GT4 Clubsport exudes pure motorsport. A real 'Turnkey Race Car'. Climb in, buckle up, start the engine and drive off. Warm up the tyres and brakes and start the stopwatch. Excuses? None.

The GT4 Clubsport Collection takes the look of the mid-engined rebel and interprets the black and yellow Crest design as a windbreaker, baseball cap, lanyard and collector's T-shirt in the box. For men as a sporty polo shirt. For women as a T-shirt with a feminine round crew neck.

The GT4 Clubsport is more than a commitment to the race track. It is also a declaration of dependence on motorsport.

Glasses

You don't follow trends to become a style icon, you set them. Just like Porsche Design did in 1978 with its legendary aviator sunglasses featuring interchangeable lenses. The remake of this design classic is now available in the Porsche Driver's Selection shop, together with other selected sun and reading glasses from Porsche Design.

Not only the design of the exclusive eyewear is stylish, but also the performance: the high-quality plastic lenses in the sunglasses, for example, provide 100% UV protection, while high-performance materials ensure optimum stability that can effortlessly withstand all the challenges of a sporty lifestyle.

Porsche Pet's Collection

Modern materials and intelligent design provide maximum comfort and optimum suitability for everyday use – as expected from Porsche. But the sportiness of this collection on the road depends on the thirst for adventure of your four-legged friend.

The Porsche Pet's Collection is the first collection for pets with Porsche DNA, for a touch of extra enthusiasm on the daily walk.

The exclusive dog accessories are made from a modern material, which is not only robust and reliable but also especially lightweight. The lead and collar offer security when it's needed, but are still comfortable for the animal to wear.

The high-quality clip on the collar is made from a die-cast zinc alloy, embossed with the 'PORSCHE' logo. The lead features the signature on a small metal plaque. Both products are available in S, M and L.
